Nicaea And Its Legacy An Approach To Fourth Century Trinitarian Theology:

Nicaea and Its Legacy Lewis Ayres, 2004-10-28 The first part of *Nicaea and its Legacy* offers a narrative of the fourth century trinitarian controversy. It does not assume that the controversy begins with Arius but with tensions among existing theological strategies. Lewis Ayres argues that just as we cannot speak of one Arian theology so we cannot speak of one Nicene theology either in 325 or in 381. The second part of the book offers an account of the theological practices and assumptions within which pro-Nicene theologians assumed their short formulae and creeds were to be understood. Ayres also argues that there is no fundamental division between eastern and western trinitarian theologies at the end of the fourth century. The last section of the book challenges modern post-Hegelian trinitarian theology to engage with Nicaea more deeply.

Nicaea and Its Legacy, **Cyril of Alexandria's Trinitarian Theology of Scripture** Matthew R. Crawford, 2014 This book concerns the theology of Scripture of Cyril of Alexandria c. 376-444 whose surviving corpus is the second largest among eastern patristic authors. Matthew R. Crawford examines texts which have received little previous attention as well as situating Cyril in his broader intellectual context. Bishop *Review Essay: Beyond the Historical Jesus: Embracing Christology in Scripture, Doctrine and Ethics* Christopher McMahon Engaging Nicene Trinitarianism Matthias Grebe, Nadine Hamilton, Christian Schlenker, 2025-08-21 Twelve original studies on Trinitarian theology and its enduring capacity to shape theological discourse, ecclesiology and society today. The doctrine of the Trinity sits at the heart of Christian identity, shaping how Christians think about faith, worship and community. The Nicene Creed, recited in churches across the world, invites not only a shared confession but also a deep and ongoing conversation about who God is and how God relates to the world. The Council's articulation of the consubstantiality of the Son with the Father laid the foundation for Trinitarian doctrine and safeguarded the mystery of salvation. It continues to serve as a rich source of interdisciplinary exploration and inspire fresh theological inquiry into the mystery of divine communion, the incarnation of Christ and the unity and identity of the Church. On the 1700th anniversary of this historic event, the essays in this volume collectively re-examine earlier debates, introduce fresh perspectives and renew dialogue around doctrines as vital today as in the fourth century. Emphasising the value of constructive engagement between traditions and exploring how Trinitarian theology continues to inform Christian witness in a complex and changing world, this volume offers essential reading for anyone seeking to deepen their understanding of a foundational aspect of Christian faith.

and history **Colin Gunton's Trinitarian Theology of Culture** Andrew Picard, 2024-06-27 This book critically engages Colin Gunton's trinitarian theology of culture in the context of modern debates in trinitarian theology and argues against critics that Gunton's trinitarian theology remains defensible and fruitful for contemporary conversations in theology and culture The Case Against Diodore and Theodore John Behr, 2011-05-05 Extracts from the writings of Diodore and Theodore as cited by their opponents and supporters in their historical order from the death of Theodore to his condemnation at the Council of Constantinople in 553 Page vii viii **The Fathers of the Church,,: Eusebius of Caesarea, against Marcellus and on ecclesiastical theory**, 2017 **The Birth of the Trinity** Matthew W. Bates, 2015-03-12 How and when did Jesus and the Spirit come to be regarded as fully God The Birth of the Trinity offers a new historical approach by exploring the way in which first and second century Christians read the Old Testament in order to differentiate the one God as multiple persons The earliest Christians felt they could metaphorically overhear divine conversations between the Father Son and Spirit when reading the Old Testament When these snippets of dialogue are connected and joined they form a narrative about the unfolding interior divine life as understood by the nascent church What emerges is not a static portrait of the triune God but a developing story of divine persons enacting mutual esteem voiced praise collaborative strategy and self sacrificial love The presence of divine dialogue in the New Testament and early Christian literature shows that contrary to the claims of James Dunn and Bart Ehrman among others the earliest Christology was the highest Christology as Jesus was identified as a divine person through Old Testament interpretation The result is a Trinitarian biblical and early Christian theology *The Fathers of the Church*, 2020 **What's Right with the Trinity?** Hannah Bacon, 2016-02-11 The doctrine of the Trinity poses a series of problems for feminist theology At a basic level the androcentric nature of trinitarian language serves to promote the male as more fully in the image of God and as the archetype of humanity pushing women to the margins of personhood It is no surprise then that feminist scholarship on this doctrine has often focused on what's wrong with the Trinity setting out the problems raised by the use of traditional androcentric trinitarian language This book brings together a discussion of feminist theological methodology with a critical exploration of the doctrine of the Trinity Focussing on what's right with the Trinity as opposed to what's wrong with the Trinity it considers the usefulness of this doctrine for feminist theology today It replaces a stress on trinitarian language with an emphasis on trinitarian thought exploring how we might effectively think rather than speak God in light of feminist concerns In particular it asks how a trinitarian understanding of God might support and be supported by key values which underpin a feminist way of doing theology specifically values which underpin the methodological use of women's experience in feminist theology The central argument is that thinking God as Trinity need not serve to reinforce patriarchal values and ideals but may in fact promote the subjectivity and personhood of women **Reformed Theology** Michael Allen, 2010-09-02 Introduces Reformed theology by surveying the doctrinal concerns that have shaped its historical development **Orthodoxy, Process and Product** Mathijs

Lamberigts, Lieven Boeve, Terrence Merrigan, 2009 From 2002 2008 three research groups from the departments of systematic theology and church history at the Faculty of Theology K U Leuven joined forces in an interdisciplinary project entitled *Orthodoxy Process and Product* The aim of the project was a church historical and systematic theological study of the determination of truth in church and theology The present volume contains contributions from all senior members of the project research group The contributions are the result of a research conference in 2006 in which both the question of the nature of truth as such and the process of determination of theological truth was approached from many different angles Thus questions from philosophy systematic theology and history of church and theology are discussed including such themes as the implications of various philosophical theories of truth for theology the question of religious pluralism and its ramifications for theological truth claims theological truth claims in the thought of Gregory of Nyssa Augustine John Driedo and at the Second Vatican Council In addition the meta question of the relationship between the historical and the systematic aspects of theological truth and the way in which the historical and systematic theological disciplines interact play an important role in this volume *Religious Conflict from Early Christianity to the Rise of Islam* Wendy Mayer, Bronwen Neil, 2013 The essays in this volume engage a variety of inter and intra religious conflicts ranging from the first to eighth centuries CE Given the political and religious tensions in the world today this volume is well positioned to find relevance and meaning in societies still grappling with the monotheistic religions of Judaism Christianity and Islam *Exegetical Epistles* Jerome, 2023-12-22 The Nicene and Post Nicene Fathers series of the 19th century rendered into English many of Jerome's treatises and letters while bypassing his biblical commentaries as well as some of his most important exegetical letters This omission which was not helpful to scholarship was probably due to the great length of these works Although the problem was partly remedied by some new English translations of the 20th century the present volume fills a significant lacuna by translating into English the Scriptural exegesis that Jerome conveyed in his relatively unknown epistles many of which were composed in response to queries he had received from various correspondents Many of these letters are presented here for the first time in English Based on the Hilberg edition this volume contains new translations introduced and annotated of Jerome's Epistles 18 21 25 30 34 37 42 53 55 56 59 64 65 72 74 78 85 106 112 119 121 129 130 and 140 Two newly translated letters from the famous exchange with Augustine over the meaning of Galatians 2 11 14 are included Epp 56 and 112 as well as a new rendering of Ep 130 to Demetrias which technically is not an exegetical letter but does present important information about the Pelagian controversy Overall this collection hopes to serve as a useful introduction to Jerome's approach to biblical interpretation of both the Old and the New Testament Some letters focus on the historical meaning of Pauline and Gospel texts while others contain allegorical expositions of Old Testament passages Jerome's competence as a Hebrew scholar will become evident to the reader of this volume as well as his thorough acquaintance with the antecedent Greek and Latin Christian exegetical traditions **Toronto Journal of Theology**, 2006 *The Early Church* Morwenna

Ludlow,2009-01-15 Examines how the early Christians manage to establish a religion and institution which despite persecution flourished and grew This book discusses the emerging beliefs of the early Church including divine creation salvation eschatology the humanity and divinity of Christ and the inter relationships of the Trinity between 50 600 CE
