## Panzer General Guide:

Panzer General Ed Dille, Alan Emrich, 1994-11-01 Panzer General players can greatly influence the entire course of World War II. Success allows greater choice of subsequent campaigns. Failure could lead to a desperate defense of Berlin as early as 1939. This official guide teaches players the historically accurate combat tactics. Players will learn how to train and develop combat units to full potential.

*Panzer General II* Michael Knight, 1997 The sequel to the mega hit Panzer General. Panzer General II is played across four campaigns of linked scenarios. Michael Knight reveals all the strategies needed to earn victory medals as you play alone or over a LAN or the Internet.

**The German Defense Of Berlin** Oberst a.D. Wilhem Willemar, 2015-11-06 Often written during imprisonment in Allied War camps by former German officers with their memories of the World War fresh in their minds. The Foreign Military Studies series offers rare glimpses into the Third Reich. In this study Oberst a D Wilhem Willemar discusses his recollections of the climatic battle for Berlin from within the Wehrmacht. No cohesive over all plan for the defense of Berlin was ever actually prepared. All that existed was the stubborn determination of Hitler to defend the capital of the Reich. Circumstances were such that he gave no thought to defending the city until it was much too late for any kind of advance planning. Thus the city's defense was characterized only by a mass of improvisations. These reveal a state of total confusion in which the pressure of the enemy, the organizational chaos on the German side and the catastrophic shortage of human and material resources for the defense combined with disastrous effect. The author describes these conditions in a clear accurate report which I rate very highly. He goes beyond the more narrow concept of planning and offers the first German account of the defense of Berlin to be based upon thorough research. I attach great importance to this study from the standpoint of military history and concur with the military opinions expressed by the author.
