### **Succeeding in**

**MRCOG, Part 2** Sharmistha Guha, Parijat Bhattacharjee, Nutan Mishra, Francis Ayim, 2016 The book is targeted at the candidates appearing for the MRCOG Part 2 which is a compulsory examination for postgraduate trainees in the UK who aspire to pursue a career in obstetrics and gynaecology. Apart from the UK postgraduates MRCOG examination is taken by postgraduates all across the globe to obtain this prestigious degree. The examination is carried out twice a year and the venues are London, Manchester, Glasgow and Belfast in the UK. The examination also takes place in Bangladesh, Egypt, Hong Kong, India, 2 centres in Iraq, Jordan, Malaysia, Pakistan, Saudi Arabia, Sudan, Dubai and Jamaica. At each centre the number of candidates participating varies between 5 and 200. Apart from the candidates appearing for this examination, this book would be helpful for the assessment of knowledge in all postgraduate trainees in obstetrics and gynaecology worldwide. Therefore, this book has a wide target group. A unique characteristic of this book is that it produces a comprehensive set of both types of questions covering all the modules of the MRCOG Part 2 syllabus ([www.rcog.org.uk](http://www.rcog.org.uk)). A broad range of reading material has been used to develop the EMQs and SBAs, including RCOG Green Top Guidelines, Scientific Impact Papers, Clinical Governance Papers, and RCOG Consent Advice. In addition to the RCOG revision material, the authors have included questions from The Obstetrician Gynaecologist TOG, NICE Guidelines, StratOG, and recommended textbooks. The authors have experience in MRCOG examination question writing and Sharmistha Guha has been a co-lead for the London SBA Writing Group for the RCOG. The questions have been written to the same standard as the RCOG question bank. Mr Gregory Ward, who is the Head of London Specialty School of Obstetrics and Gynaecology, wrote the foreword of the book. He is a senior clinician, a RCOG examiner, and member of the RCOG SBA committee. He has provided guidance continually to ensure the quality of the questions is up to the standard of RCOG. It is important to recognize that this book is not a textbook and should not be used as the sole reading material for the examination. However, the questions will be especially useful in gaining valuable examination practice. An explanation has been provided for all of the questions along with references to aid in the preparation. A reading guide has been provided for assistance. The authors hope that this will be a useful tool in preparation for this crucial examination.
