**iPhone: The Missing Manual** David Pogue, 2017      **Breaking Down Language and Cultural Barriers Through Contemporary Global Marketing Strategies** Khosrow-Pour, D.B.A., Mehdi, 2019-06-14 One of the most challenging obstacles for many businesses in successfully reaching a global market stems from cultural and language barriers and the lack of a clear understanding of this issue It is critical for businesses to understand these cultural and language barriers and how to face them through effective communications and cultural sensitivity The companies that will thrive and see the most success are the ones whose employees communicate and collaborate effectively with customers suppliers and partners all over the world Breaking Down Language and Cultural Barriers Through Contemporary Global Marketing Strategies provides both empirical and theoretical research focused on ways that business professionals and organizations are breaking down cultural and language barriers integrating cultural sensitivity and implementing cross cultural management practices into their daily business practices Featuring research on topics such as origin effects consumption culture and cross cultural management managers consultants academic researchers practitioners business educators and advanced students in various disciplines will find the content within this publication to be beneficial      **Fireside Reflections** Alan Dahl, 2024-05-14 Ready to pass down what truly matters Fireside Reflections A Papa s Lessons for a Successful Life is a heartfelt guide for fathers grandfathers and mentors who believe in the power of passing wisdom down through the generations Drawing from a life rich with personal experiences successes failures and faith Alan Dahl offers thoughtful reflections meant to inspire guide and anchor the next generation Written as if shared beside a glowing fire each chapter delivers timeless lessons on personal responsibility financial independence patience integrity and faith woven together with stories that speak to real life challenges With warmth and humility Dahl speaks to the Littles his grandchildren and to anyone ready to listen to someone who s walked the path ahead This is more than a book it s a legacy It s for the man who wants to offer more than advice he wants to offer perspective For the grandfather who sees wisdom as a gift worth giving For the father who hopes his children will build on his lessons and avoid his mistakes Fireside Reflections is a meaningful companion for those who value family faith and the lifelong journey of learning and who want to leave something lasting behind Pass down the lessons that truly last      **What is Digital Sociology?** Neil Selwyn, 2019-07-12 The rise of digital technology is transforming the world in which we live Our digitalized societies demand new ways of thinking about the social and this short book introduces readers to an approach that can deliver this digital sociology Neil Selwyn examines the concepts tools and practices that sociologists are developing to analyze the intersections of the social and the digital Blending theory and empirical examples the five chapters highlight areas of inquiry where digital approaches are taking hold and shaping the discipline of sociology today The book explores key topics such as digital race and digital labor as well as the fast changing nature of digital research methods and diversifying forms of digital scholarship Designed for use in advanced undergraduate and graduate courses this

timely introduction will be an invaluable resource for all sociologists seeking to focus their craft and thinking toward the social complexities of the digital age

**Ethics of Data and Analytics** Kirsten Martin, 2022-05-12 The ethics of data and analytics in many ways is no different than any endeavor to find the right answer When a business chooses a supplier funds a new product or hires an employee managers are making decisions with moral implications The decisions in business like all decisions have a moral component in that people can benefit or be harmed rules are followed or broken people are treated fairly or not and rights are enabled or diminished However data analytics introduces wrinkles or moral hurdles in how to think about ethics Questions of accountability privacy surveillance bias and power stretch standard tools to examine whether a decision is good ethical or just Dealing with these questions requires different frameworks to understand what is wrong and what could be better Ethics of Data and Analytics Concepts and Cases does not search for a new different answer or to ban all technology in favor of human decision making The text takes a more skeptical ironic approach to current answers and concepts while identifying and having solidarity with others Applying this to the endeavor to understand the ethics of data and analytics the text emphasizes finding multiple ethical approaches as ways to engage with current problems to find better solutions rather than prioritizing one set of concepts or theories The book works through cases to understand those marginalized by data analytics programs as well as those empowered by them Three themes run throughout the book First data analytics programs are value laden in that technologies create moral consequences reinforce or undercut ethical principles and enable or diminish rights and dignity This places an additional focus on the role of developers in their incorporation of values in the design of data analytics programs Second design is critical In the majority of the cases examined the purpose is to improve the design and development of data analytics programs Third data analytics artificial intelligence and machine learning are about power The discussion of power who has it who gets to keep it and who is marginalized weaves throughout the chapters theories and cases In discussing ethical frameworks the text focuses on critical theories that question power structures and default assumptions and seek to emancipate the marginalized
