Your NEO Summary

Paul T. Costa, Jr., Ph.D., and Robert R. McCrae, Ph.D.

The NEO inventory measures five broad domains, or dimensions, of personality. The responses that you gave to the statements about your thoughts, feelings, and goals can be compared with those of other adults to give a description of your personality.

For each of the five domains, descriptions are given below for different ranges of scores. The descriptions that are *checked* provide descriptions of you, based on your responses to the inventory items.

The NEO inventory measures differences among normal individuals. It is not a test of intelligence or ability, and it is not intended to diagnose problems of mental health

or adjustment. It does, however, give you some idea about what makes you unique in your ways of thinking, feeling, and interacting with others.

This summary is intended to give you a general idea of how your personality might be described. It is not a detailed report. If you completed the inventory again, you might score somewhat differently. For most individuals, however, personality traits tend to be very stable in adulthood. Unless you experience major life changes or make deliberate efforts to change yourself, this summary should apply to you throughout your adult life.

Compared with the responses of other people, your responses suggest that you can be described as:

☐ Sensitive, emotional, and prone to experience feelings that are upsetting.	☐ Generally calm and able to deal with stress, but you sometimes experience feelings of guilt, anger, or sadness.	☐ Secure, hardy, and generally relaxed even under stressful conditions.
☐ Extraverted, outgoing, active, and high-spirited. You prefer to be around people most of the time.	☐ Moderate in activity and enthusiasm. You enjoy the company of others but you also value privacy.	☐ Introverted, reserved, and serious. You prefer to be alone or with a few close friends.
☐ Open to new experiences. You have broad interests and are very imaginative.	☐ Practical but willing to consider new ways of doing things. You seek a balance between the old and the new.	☐ Down-to-earth, practical, traditional, and pretty much set in your ways.
☐ Compassionate, good-natured, and eager to cooperate and avoid conflict.	☐ Generally warm, trusting, and agreeable, but you can sometimes be stubborn and competitive.	☐ Hardheaded, skeptical, proud, and competitive. You tend to express your anger directly.
☐ Conscientious and well-organized. You have high standards and always strive to achieve your goals.	☐ Dependable and moderately well-organized. You generally have clear goals but are able to set your work aside.	☐ Easygoing, not very well-organized, and sometimes careless. You prefer not to make plans.
