Netflixed Gina Keating, 2012-10-11 Netflix has come a long way since 1997 when two Silicon Valley entrepreneurs Marc Randolph and Reed Hastings decided to start an online DVD store before most people owned a DVD player They were surprised and elated when launch day traffic in April 1998 crashed their server and resulted in 150 sales Today Netflix has more than 25 million subscribers and annual revenues above 3 billion Yet long term success or even survival is still far from guaranteed Journalist Gina Keating recounts the absorbing fast paced drama of the company's turbulent rise to the top and its attempt to invent two new kinds of business First it engaged in a grueling war against video store behemoth Blockbuster transforming movie rental forever Then it jumped into an even bigger battle for online video streaming against Google Hulu Amazon and the big cable companies Netflix ushered in such innovations as DVD rental by mail a patented online queue of upcoming rentals and a recommendation algorithm called Cinematch that proved crucial in its struggle against bigger rivals Yet for all its success Netflix is still a polarizing company Hastings is often heralded as a visionary he was named Business Person of the Year in 2010 by Fortune even as he has been called the nation's worst CEO Netflix also faces disgruntled customers after price increases and other stumbles that could tarnish the brand forever The quest to become the world's portal for premium video on demand will determine nothing less than the future of entertainment and the Internet Drawing on extensive new interviews and her years covering Netflix as a financial and entertainment reporter Keating makes this tale as absorbing as it is important **Business Week**, 2007 **The Hollywood Reporter**, 2008 Information Systems Today Leonard M. Jessup, Joseph S. Valacich, 2008 For the undergraduate graduate introductory information systems course required of all business students Information Systems Today 3e speaks directly to WHY IS MATTERS today by focusing on what every business student needs to know about IS including its leading role in the globalization of business **U.S. News & World Report**, 2004 The New Yorker, 2006

What's the number one thing we all want more of? TIME. Time is our most valuable, precious and limited commodity and the key to lasting happiness and success. The TIME CLEANSE™ is a proven system that shows you how to do more, get more, be more by changing your relationship with time and get back 20 hours a week or more of your free time as a result. Learn how you can squeeze every drop of productivity out of each hour of your day so you can gain the freedom to do what you want when you want. In *The Time Cleanse*, Steven Griffith will help you realize that time is not the real reason we're stuck, stopped or struggling to reach our goals. It's the fact we are relying on outdated time management strategies that no longer work in today's technology-driven world. We need to change how we look at our relationship with time, and *The Time Cleanse* does exactly that by showing you how to get time back on your side. By implementing the groundbreaking principles of *The Time Cleanse*, you will learn to eliminate the time toxins and contaminants that have been stealing your time, energy and focus while also increasing your productivity and improving your performance. By adding time to your day, you will finally have time to grow your business, spend time with loved ones, advance your career, improve your health and fitness, or just relax and enjoy life. It's time to take control of your life and your future. It's your time right now to MAKE YOUR MOVE.
