Cruising World, 1998-01 **Stockholm** Tony Griffiths, 2009-11-25 Situated on one of the world's most beautiful harbors Stockholm has set the benchmark for civilized urban living since the time of the Vikings Tony Griffiths reveals a city of power intrigue and murder of scientists and investors and a sensual city home of Greta Garbo and the smorgasbord Its medieval period saw the Vasa dynasty turn a small town into the capital of a dominant European power and a major trading port In the Napoleonic era Stockholm established itself as a center of both technical and social innovation While the city has suffered more than its fair share of misfortune Stockholm's cultural and commercial elite transformed it into a community which now welcomes innovation and spreads the fruits of its achievements far beyond its borders **Stalking the U-Boat** Geoffrey L. Rossano, 2021-08-15 An exceptional piece of scholarship Rossano clearly points out that military organizations in general and a naval air force in particular are built from the ground up and not the other way around While we celebrate the exploits of the pilots Rossano reminds us that there were myriad mechanics constructors paymasters and even some ship drivers who played a vital role in naval aviation during WWI Craig C Felker U S Naval Academy A fine book that will stand for many years as the definitive study of U S naval aviation in Europe Well researched and written the book ranges widely from the high level planning in Washington for a naval air war to moving thousands of men and hundreds of aircraft across the ocean to the routine but dangerous training patrol and bombing flights that constituted the navy's air mission in World War I William F Trimble author of *Attack from the Sea* *Stalking the U Boat* is the first and only comprehensive study of U S naval aviation operations in Europe during WWI The navy's experiences in this conflict laid the foundations for the later emergence of aviation as a crucial sometimes dominant element of fleet operations yet those origins have been previously poorly understood and documented Begun as antisubmarine operations naval aviation posed enormous logistical administrative personnel and operational problems How the USN developed this capability on foreign soil in the midst of desperate conflict makes a fascinating tale sure to appeal to all military and naval historians *Stockholm: A Cultural and Literary History* Tony Griffiths, 2011-06-13 Situated on Lake Malaren on one of the world's most beautiful harbours Stockholm has set the benchmark for civilized city living since the time of the Vikings Its medieval regal period saw the Vasa dynasty turn a small town in the shadow of Uppsala into the capital city of a dominant power in Europe and a major trading port In the Napoleonic era Stockholm readjusted its priorities to establish itself as a centre of innovation technical and social While the city has suffered more than its fair share of disasters Stockholm's cultural and commercial elite transformed it into a community which welcomed innovation and spread the fruits of its achievements far beyond its borders From its celebrated Old Town dating from the Middle Ages to its Art Nouveau and modern quarters Stockholm is a city rich in museums theatres and landmarks Tony Griffiths explores the Swedish capital old and new revealing a city of unexpected contradictions CITY OF POWER INTRIGUE AND MURDER Gustav Vasa Queen Christina and Voltaire murder at a Masked Ball Olaf Palme's

 Abstract Bulletin* ,1979 Boating ,1997-01 Gumbo Life Ken Wells,2019-02-26 A sprightly deeply personal narrative
 about how gumbo for 250 years a Cajun and Creole secret has become one of the world s most beloved dishes Ask any self
 respecting Louisianan who makes the best gumbo and the answer is universal Momma The product of a melting pot of
 culinary influences gumbo in fact reflects the diversity of the people who cooked it up French aristocrats West Africans in
 bondage Cajun refugees German settlers Native Americans all had a hand in the pot What is it about gumbo that continues to
 delight and nourish so many And what explains its spread around the world A seasoned journalist Ken Wells sleuths out the
 answers His obsession goes back to his childhood in the Cajun bastion of Bayou Black where his French speaking mother s
 gumbo often began with a chicken chased down in the yard Back then gumbo was a humble soup little known beyond the
 boundaries of Louisiana So when a homesick young Ken at college in Missouri realized there wasn t a restaurant that could
 satisfy his gumbo cravings he called his momma for the recipe That phone taught gumbo was a disaster The second cooked
 at his mother s side fueled a lifelong quest to explore gumbo s roots and mysteries In *Gumbo Life* Tales from the Roux Bayou
 Wells does just that He spends time with octogenarian chefs who turn the lowly coot into gourmet gumbo joins a team at a
 highly competitive gumbo contest visits a factory that churns out gumbo by the ton observes the gumbo making rituals of an
 iconic New Orleans restaurant where high end Creole cooking and Cajun cuisine first merged *Gumbo Life* rendered in Wells
 affable prose makes clear that gumbo is more than simply a delicious dish it s an attitude a way of seeing the world For all
 who read its pages this is a tasty culinary memoir to be enjoyed and shared like a simmering pot of gumbo Books in Print
