

The Twelve Pathways

To the Higher Consciousness Planes of Unconditional Love and Oneness

1. I am freeing myself from security, sensation, and power addictions that make me try to forcefully control situations in my life and thus destroy my serenity and keep me from loving myself and others.
2. I am discovering how my consciousness-dominating addictions create my illusory version of the changing world of people and situations around me.
3. I welcome the opportunity, even if painful, that my minute-to-minute experience offers me to become aware of the addictions I must reprogram to be liberated from my robot-like emotional patterns.
4. I always remember that I have everything I need to enjoy my here and now unless I am letting my consciousness be dominated by demands and expectations based on the dead past or the imagined future.
5. I take full responsibility, here and now, for everything I experience for it is my own programming that creates my actions and also influences the reactions of people around me.
6. I accept myself completely, here and now, and consciously experience everything I feel, think, say and do, including my emotion-backed addictions, as a necessary part of my growth into higher consciousness.
7. I open myself genuinely to all people, since hiding, in any degree, keeps me stuck in the illusion of separateness from other people.
8. I feel with loving compassion the problems of others without getting caught up emotionally in their predicaments that are offering them messages they need for their growth.
9. I act freely when I am tuned-in, centered and loving, but, if possible, I avoid acting when I am emotionally upset and depriving myself of the wisdom that flows from love and expanded consciousness.
10. I am continually calming the restless scanning of my rational mind in order to perceive the finer energies that enable me to unitively merge with everything around me.
11. I am constantly aware of which of the seven centers of consciousness I am using and feel my energy, perceptiveness, love, and inner peace growing as I open all of the centers of consciousness.
12. I am perceiving everyone, including myself, as an awakening being who is here to claim his or her birthright to the higher consciousness plains of unconditional love and oneness.
