Every Dolphin Has His Day Dan O'Sullivan, 2019-03-15 Football fundamentals have never been more insightfully humorous than in this fish tale about living with losing. For over three decades the Miami Dolphins were considered one of the elite playoff contender teams of the NFL but have only returned there twice in the past seventeen years. So what gives? Award winning writer Dan O'Sullivan uses both Miami's 2017 losing season and his own quarter century's worth of fandom experiences to analyze a question that asks why as a society some of us continuously support our favorite sports teams that only ever seem to deliver disappointment on an annual basis because the Miami Dolphins could just as well represent YOUR favorite team. So whether you're a Dolphin general sports nut or just a curious mind strapped on a helmet for an engaging experience which challenges our glorified notion that it's only a game.
