The Key Driver of Global Market Performance* Timothy Mwangi Nduru,2019-02-20 Research Paper undergraduate from the year 2019 in the subject Business economics Business Management Corporate Governance Dedan Kimathi University of Technology course MSC supply Chain Management language English abstract Competition is a key driver of global market performance For many

decades businesses have been excelling based on the strategy adopted by the management. Notably the wrong choice of strategy is likely to derail the firm from achieving its potential. This paper discusses one of the main business strategies that has been warmly embraced in the last decade. Time based competition has for the past few decades been a key driver of competition in the global market. The paper discusses four main bases of time competition which include Product Development and Introduction Time, Material Lead Time, Delivery Time and Throughput Time. Notably all these time bases for competition affects the global market performance of an organization in different ways. Additionally the measures needed to determine the effect of time as a basis for competition in global competition has been discussed in details. In determining the effectiveness of the time based competition as a strategy the management has to assess several measures. Such measures include profitability, growth in market share, customer's satisfaction, increased productivity and sales. Throughout the paper it is evident that time based competition is a crucial driver of global market performance as opposed to quality and cost based competition which are considered to be more of enablers in the business environment than drivers. In summary time based competition should be fully embraced by light minded managers that seek to remain relevant in the competitive global market.

The Closest I've Come is a must read from talented first time author Fred Aceves in the tradition of Walter Dean Myers. Marcos Rivas yearns for love, a working cell phone and maybe a pair of sneakers that aren't falling apart. But more than anything Marcos wants to get out of Maesta, his hood, away from his indifferent mom and her abusive boyfriend which seems impossible. When Marcos is placed in a new after school program he meets Zach and Amy whose friendship inspires Marcos to open up to his Maesta crew too and starts to think more about his future and what he has to fight for. Marcos ultimately learns that bravery isn't about acting tough and being macho, it's about being true to yourself. The Closest I've Come is a story about traversing real and imagined boundaries, about discovering new things in the world and about discovering yourself too.
