Negative Space Peter Weibel, 2019 **Negative Space** Peter Weibel, 2021-12-28 A bold new spatial perspective on modern sculpture with 800 color images of work by artists including Henry Moore Lygia Clark Anish Kapoor and Ana Mendieta This monumental richly illustrated volume from ZKM Karlsruhe approaches modern sculpture from a spatial perspective interpreting it through contour emptiness and levitation rather than the conventional categories of unbroken volume mass and gravity It examines works by dozens of twentieth and twenty first century artists including Hans Arp Marcel Duchamp Henry Moore Barbara Hepworth Lygia Clark Anish Kapoor Olafur Eliasson Ana Mendieta Fujiko Nakaya Tom s Saraceno and Alicja Kwade The large scale book contains over 800 color images Negative Space comes out of an epic exhibition at ZKM and volume editor Peter Weibel Chairman and CEO of ZKM takes a curatorial approach to the topic The last exhibition to deal comprehensively with the question What is modern sculpture was at the Centre Georges Pompidou in 1986 Weibel and ZKM pick up where the Pompidou left off examining sculptures not as figurative solid and self contained monoliths but in terms of open and hollow spaces reflection light shadow innovative materials data and the moving image Weibel puts advances in science architecture and mathematics in the context of avant garde sensibilities to show how modern sculpture significantly deviates from the work of the past Texts in the volume include an introduction and twelve chapters written by Weibel with contributions by cocurators as well as facsimiles and reproductions of artist authored manifestos *Negative Space* Antonia Hirsch, 2015-09 Negative Space is a publication operating between an artist book and a topical anthology that will be released in 2015 Edited and introduced by Hirsch it contains conversations and texts by artists writers and theorists Hirsch s publication is the second in SFU Galleries Critical Reader Series that presents contemporary art and ideas parallel to SFU Galleries programs The Ethics of Negative Space Angela Tania Espinoza, 2012 Inhabiting the Negative Space Jenny Odell, 2021-08-03 A hopeful meditation on how periods of inactivity become reimagined as fertile spaces for design and how we might use this strange moment in history Hi everyone I m speaking to you from my apartment in Oakland though I ve virtually placed myself in the rose garden nearby Artist and writer Jenny Odell hadn t originally planned to deliver the Harvard University Graduate School of Design s 2020 Class Day Address from her living room But on May 25 2020 there was Jenny framed by a rose garden in her Zoom background speaking to an audience she could not see about the role of design in a suspended moment marked by uncertainty in a global pandemic Odell s message itself a timely reflection on observation embraces the standstill and its potential to deepen and expand our individual and collective attention and sensitivity to time place and presence in turn perhaps enabling us all amid

our new virtual contexts to better connect with our natural and cultural environments Odell unspools this hopeful meditation in *Inhabiting the Negative Space* where periods of inactivity become reimagined not as wasted time but fertile spaces for a kind of design predicated less on relentless production and more on permitting a deeper more careful look at what exactly is demanding or tapping our time and attention and how we might use this strange moment in history to respond Negative Space Manny Farber,1971 **Negative Space** JJBlack,2020 Negative Space Sid Gershgoren,1975 *Negative Space* Bourne,2015-04-01 A powerful play in one act voices in a small town illustrate how an adolescent girl is understood by her contemporaries Raw and violent the reader will emerge from this work a changed person reflecting on how individuals struggle and how their struggles are interpreted by society **Principles of Form and Design** Wucius Wong,1993-09-16 An unprecedented package that gives readers the content of three important references by one of today s most influential design writers This is a master class in the principles and practical fundamentals of design that will appeal to a broad audience of graphic artists and designers **Negative Space** Matt Borruso,2017 **Notebook** Tonny Katz BT,2020-06-07 *Negative Space notebook* Science Between Space and Counterspace Nick Thomas,1999 Rudolf Steiner discovered that in addition to ordinary space negative space or counterspace also exists leading to a more holistic worldview Steiner suggested that it was important to understand counterspace as a necessary supplement to the conventional approach Science between Space and Counterspace relates the phenomena of our world to both space and counterspace which leads to a new scientific understanding If counterspace actually exists then the resulting interplay between counterspace and ordinary space must be significant This concept is applied to gravity liquids gases heat light chemistry and life Each aspect involves a separate investigation whereas the various threads begin to interweave and become a unified whole A new concept of time and indications for a new approach to relativity and quantum physics begin to emerge Note Science between Space and Counterspace contains advanced mathematical and scientific proofs that the nonspecialist general reader may find overly difficult Cézanne's Composition Erle Loran,1963-01-01 This meaty book fulfills its stated purposes namely to reveal exactly what is meant by the organization of space Enigmatic terms such as space organization picture plane volume solidity are so fully explained that never again can they be considered aesthetic mysteries Loran s definitive technique is ingenious and almost foolproof Double Negative Space Alvin S. Sabronido,2007 In art generally negative space is the space around and between the subject s of an image Negative space mat be most evident when the space around a subject and not the subject itself forms an interesting or artistically relevant shape and such space is occasionally used to artistic affect as the real subject of an image The use if negative space is a key element of artistic composition **Impact and Tensions** **Created by Negative Space** Bruno Anthony Sorento,1967 The Negative Space ,2011 **Negative Space 2** Aric Sundquist,2024-05-15
