★★★★★ The Best Collection Sets in The World.

Reviewed in the United Kingdom on 22 November 2022

Money may be tight for everyone but only by genuinely supporting DOCTOR WHO - THE COLLECTION will we eventually get the full set of the entire series. If you're a genuine Doctor Who fan, I beg of you not to dawdle, but to always support the range. You don't realise how lucky you have it, compared to when I started. In 1977, the first ever Doctor Who sale of old episodes, Frontier in Space cost me THREE THOUSAND POUNDS to buy a video copy from the BBC - That's the gospel truth.

Give praise where praise is due, DOCTOR WHO THE COLLECTION - It is the ultimate way to enjoy the series. Each box is one full season, with such priceless astonishing extras, and deleted scenes. Russell Minton has done a staggering job with these. I pray to get them all during my lifetime. As fans we are so blessed to have something so utterly wonderful to enjoy time and time again. We have eleven so far out of 26 seasons and hopefully a Wilderness Years box set. The much awaited twelfth box, season two, comes next month. Pre-order it on Amazon to make sure that you get one. I appeal to EVERY fan of the series to support these. It would be a tragedy if all 26 seasons don't get made. I only wish that the current series made something so all inclusive to cherish for posterity, especially with all of the deleted scenes included.

On box set 22, there is a complete Vengeance On Vario, which includes all of the time coded deleted scenes which I myself saved. They removed the time code in a clever and ingenious way which made the whole story incredibly watchable, even with the drops in picture quality. BRAVO - simply priceless and incredible.

For now I wish they came more often, or at least four a year. I pray that they earn enough money to contribute towards further animations.

For these incredible collections, I gladly give the BBC my all time eternal gratitude.

FOR EVERY FAN, EVERYWHERE
