MICHAEL COLLINS OWN STORY HAYDEN. TALBOT, 2018 **Myth and the Irish State** John M. Regan, 2013-12-03 When we read a history we believe ourselves to be reading cold hard facts of the events that took place and how they occurred But there is no real truthful way to know the approach our historian has taken with the historical sources This book deals with the uncertainty in writing history in the context of Irish history in particular Regan argues in this book that the notion of elision simply ignoring unhelpful evidence threatens Irish history today Regan believes that some historians have ignored unhelpful facts that perhaps do not further their point or perhaps contradict them altogether Each chapter focuses on a period of Irish history that Regan believes to be inconsistent or incomplete in its facts He asks the controversial questions about the period of history such as why do some historians deny or marginalise the British threat of war and re conquest in 1922 why do so many Irish historians describe Michael Collins as a constitutionalist or a democrat when the evidence argues otherwise Was the Irish Civil War really fought between democrats defending the state against dictators attempting its overthrow Did the new state briefly experience a military dictatorship under Collins in 1922 Thinking historically is not about learning history or accepting the past as it is presented to us it is as Regan argues in his thought provoking work about developing the critical skills to interpret history for ourselves **Michael Collins** Tim Pat Coogan, 1990 **Michael Collins** Rex Taylor, 1961 **The Boy's World** , 1880 **Mike Quill, Himself** Shirley Quill, 1985 Biography of Mike Quill a despatch rider for the Irish Republican Army before emigrating He was one of the founders of the Transport Workers Union of America *Michael Collins* Chrissy Osborne, 2010 This is a unique collection of photographs that catalogue the life of Michael Collins The photos follow Collins from his childhood and into the political turbulence of the era The book includes many illustrations of the buildings and locations he would have known in Ireland and Britain but as they are today **Born to Be Great** Louise Gherasim, Marie Gherasim, 2001-07-01 **Michael Collins--the Lost Leader** Margery Forester, 1971 *The Big Fellow: Frank O'Connor*, 2018-02-02 Re issued with an introduction by Neil Jordan The Big Fellow is the 1937 biography of the famed Irish leader Michael Collins by acclaimed author Frank O'Connor It is an uncompromising but humane study of Collins whose stature and genius O'Connor recognised A masterly evocative portrait of one of Ireland's most charismatic figures The Big Fellow covers the period of Collins' life from the Easter Rising in 1916 to his death in 1922 during the Irish Civil War The author having served with the Anti Treaty IRA during the Irish Civil War wrote The Big Fellow as a form of reparation over the guilt he felt with regards to taking up arms against his fellow Irishmen and Collins' untimely death Liam Neeson has said that he found the book of great assistance when preparing for the role of Collins
