Interactivity and the Online Media Sphere in Nigeria

Joseph Wilson, 2019-01-15 In today's age of extraordinary technological development, the mass media industry must constantly innovate and adopt emerging concepts to keep up with the demand of online visibility and prominence. Interactivity is a distinguishing feature of the current online environment and is a necessity in maintaining relevance in the digital media sphere. The growing impact of new media technologies and the resulting pressure on mass media organizations to incorporate more audience involvement have made interactivity a particularly sought-after phenomenon throughout the industry. The prominence of online interactivity has resulted in anxiety throughout the mass media industry regarding the ways in which media organisations can engage with their audience and maintain a high level of traffic on their websites. Attaining these heights largely depends on the quality and nature of interactivity on a given site. This book provides insights into the interactivity basics of an ideal media website and highlights the nature of interactivity in the Nigerian online media sphere vis-à-vis the basics of interactivity.

Nigeria's Digital Diaspora Farooq A. Kperogi, 2020 Over a decade ago when Nigeria's migratory digital elite in the United States pioneered a newfangled form of citizen online journalism that disrupted the professional certainties of domestic legacy journalism, the country's professional journalists held out hope that the disruptive effect of this insurgent, non-professionalized, non-routinized but nonetheless transformative form of journalism would be transitory. But diasporic citizen online journalism is not only now an integral part of Nigeria's media ecosystem; it has also inspired successful homeland digital native emulators and is challenging even supplanting in some cases traditional domestic media formations as sites of consequential democratic discourse. With Nigeria's frenetic and deeply engaged social media scene, diasporan citizen journalism, homeland news, and social media activism are merging to create the most energetic moment in Nigeria's media history. This book chronicles the emergence and transformation of Nigeria's diasporic citizen journalism from the margins to the mainstream of the country's journalistic landscape and draws parallels with the mainstreaming of alternative media formations in other parts of the world.

Farooq A. Kperogi is Associate Professor of Journalism and Emerging Media at Kennesaw State University, Georgia, USA. He is a columnist for the Nigerian Tribune and blogs at <https://www.farooqkperogi.com>.
