Value of Oral History Historical Knowledge Nature and Man Orientations to Historical Time Big History This volume is aimed at the following five major target audiences University and College Students Educators Professional Practitioners Research Personnel and Policy Analysts Managers and Decision Makers NGOs and GOs Social Change in the History of British Education Joyce Goodman, Gary McCulloch, WILLIAM RICHARDSON, 2013-09-13 This work provides an overall review and analysis of the history of education and of its key research priorities in the British context It investigates the extent to which education has contributed historically to social change in Britain how it has itself been moulded by society and the needs and opportunities that remain for further research in this general area Contributors review the strengths and limitations of the historical literature on social change in British education over the past forty years ascertain what this literature tells us about the relationship between education and social change and map areas and themes for future historical research They consider both formal and informal education different levels and stages of the education system the process and experience of education and regional and national perspectives They also engage with broader discussions about theory and methodology The collection covers a large amount of historical territory from the sixteenth century to the present including the emergence of the learned professions the relationship between society and the economy the role of higher technological education the historical experiences of Ireland Scotland and Wales the social significance of teaching and learning and the importance of social class gender ethnicity and disability It involves personal biography no less than broad national and international movements in its considerations This book will be a major contribution to research as well as a general resource in the history and historiography of education in Britain *Pictures of Poverty* Lydia Jakobs, 2021-10-26 From Charles Dickens's *Oliver Twist* to George Sims's *How the Poor Live* illustrated accounts of poverty were en vogue in Victorian Britain Poverty was also a popular subject on the screen whether in dramatic retellings of well known stories or in documentary photographs taken in the slums London and its street life were the preferred setting for George Robert Sims's rousing ballads and the numerous magic lantern slide series and silent films based on them Sims was a popular journalist and dramatist whose articles short stories theatre plays and ballads discussed overcrowding drunkenness prostitution and child poverty in dramatic and heroic episodes from the lives and deaths of the poor Richly illustrated and drawing from many previously unknown sources *Pictures of Poverty* is a comprehensive account of the representation of poverty throughout the Victorian period whether disseminated in newspapers illustrated books and lectures presented on the theatre stage or projected on the screen in magic lantern and film performances Detailed case studies reveal the intermedial context of these popular pictures of poverty and their mobility across genres With versatile author George R Sims as the starting point this study explores the influence of visual media in historical discourses about poverty and the highly controversial role of the Victorian state in poor relief **Hidden Multilingualism in 19th-Century European Literature** Jana-Katharina Mende, 2023-08-21 The disparagement of multilingualism is a European development of the 18th and 19th centuries in which one national language

and national literature were advocated established and institutionalised Multilingual writers made use of the creative potential of several languages even then However they often adapted to an increasingly monolingual book market which made their individual multilingualism invisible This is evident in literary historiography which established a monolingual national canon Researching hidden multilingualism is often difficult since multilingual texts by multilingual writers were often not published or were published in a monolingual version sources are scarce Literary histories of the time often do not mention multilingualism Furthermore many multilingual writers were members of minority groups women Jewish Non European and thus often neglected The volume offers methods and theories to systematically approach this hidden material as well as case studies on authors and national literatures in a multilingual context It thus contributes to the restructuring of a multilingual transnational literary history that is applicable to different philologies
