Introduction

Ninety Days is a memoir book by Bill Clegg that presents the story of a literary agent, who lost everything in his life because of drug addiction. This book can be identified as the continuation of the *Portrait of an Addict as a Young Man* which was written by the same author earlier. If the *Portrait* shows the darkest moments of crack addiction, the *Ninety Days* book is about thousands of little steps that were taken to stay sober and try to return everything that was lost. The key steps include accepting the self and others, being honest, adhering to the routine, growing love, and praying.

Honesty and Acceptance of Self and Others

The story begins with the release of the author from rehabilitation, which is the early period of his recovery. The readers learn that he had a boyfriend, a literary office, and clients and that everybody in his surroundings knows about his addiction problem. For many addicts, telling the truth and being open to others is a critical challenge, which makes them run out, avoid meeting people, and justify any action. Being dishonest with the self leads to the destruction of personality and avoiding the truth. In *Ninety Days*, the first step to recovery is probably the decision to accept the self and others, recognizing that people are different and that connections can be built only by speaking the truth.

Namely, Bill enrolls in the sobriety program, visits the meetings, and tells his story. More to the point, the fact that he writes a book about his experience makes him even more open publicly to addressing fears and permitting himself to accept his personality. Many addicts pay excessive attention to self-consciousness, suffering from fears that people would not understand them. Bill managed to change this approach to people: "he puts his hand on my shoulder, this person I've known for less than 24 hours but who feels like my best friend" (Clegg 30). These notes show that his journey to honesty begins with openness and understanding that connections are necessary to successfully recover as they provide resources, support, and motivation.
