Risky Business Liran Einav,2023-01-31 An engaging and accessible examination of what ails insurance markets and what to do about it by three leading economists Why is dental insurance so crummy Why is pet insurance so expensive Why does your auto insurer ask for your credit score The answer to these questions lies in understanding how insurance works Unlike the market for other goods and services for instance a grocer who doesn t care who buys the store s broccoli or carrots insurance providers are more careful in choosing their customers because some are more expensive than others Unraveling the mysteries of insurance markets Liran Einav Amy Finkelstein and Ray Fisman explore such issues as why insurers want to know so much about us and whether we should let them obtain this information

why insurance entrepreneurs often fail and some tricks that may help them succeed and whether we'd be better off with government mandated health insurance instead of letting businesses customers and markets decide who gets coverage and at what price With insurance at the center of divisive debates about privacy equity and the appropriate role of government this book offers clear explanations for some of the critical business and policy issues you've often wondered about as well as for others you haven't yet considered

EU Securities and Financial Markets Regulation Niamh Moloney, 2023-03-25
Over the decade or so since the global financial crisis rocked EU financial markets and led to wide ranging reforms EU securities and financial markets regulation has continued to evolve The legislative framework has been refined and administrative rulemaking has expanded Alongside the Capital Markets Union agenda has developed the UK has left the EU and ESMA has emerged as a decisive influence on EU financial markets governance All these developments as well as the Covid 19 pandemic have shaped the regulatory landscape and how supervision is organized EU Securities and Financial Markets Regulation provides a comprehensive critical and contextual account of the intricate rulebook that governs EU financial markets and its supporting institutional arrangements It is framed by an assessment of how the regime has evolved over the decade or so since the global financial crisis and considers among other matters the post crisis reforms to key legislative measures the massive expansion of administrative rulemaking and of soft law the Capital Markets Union agenda the development of supervisory convergence as the means for organizing pan EU supervision and ESMA's role in EU financial markets governance Its coverage extends from capital raising and the Prospectus Regulation to financial market intermediation and the MiFID II MiFIR and IFD IFR regimes to the new regulatory regimes adopted since the global financial crisis including for benchmarks and their administrators to retail market regulation and the PRIIPs Regulation and on to the EU's third country regime and the implications of the UK's departure from the EU This is the fourth edition of the highly successful and authoritative monograph first published as EC Securities Regulation Heavily revised from the third edition to reflect developments since the global financial crisis it adopts the in depth contextual and analytical approach of earlier editions and so considers the market political institutional and international context of the regulatory and supervisory regime

Entertainment Science Thorsten Hennig-Thurau, Mark B.
