Dance Dance Dance Haruki Murakami, 2003 High class call girls billed to Mastercard A psychic 13 year old dropout with a passion for Talking Heads A hunky matinee idol doomed to play dentists and teachers A one armed beach combing poet an uptight hotel clerk and one very bemused narrator cau Haruki Murakami and the Search for Self-Therapy Jonathan Dil, 2022-02-24 Haruki Murakami a global literary phenomenon has said that he started writing fiction as a means of self therapy What he has not discussed as much is what he needed self therapy for This book argues that by understanding more about why Murakami writes and by linking this with the question of how he writes readers can better understand what he writes Murakami s fiction in other words can be read as a search for self therapy In five chapters which explore Murakami s fourteen novels to date this book argues that there are four prominent therapeutic threads woven through Murakami s fiction that can be traced back to his personal traumas most notably Murakami s falling out with his late father and the death of a former girlfriend and which have also transcended them in significant ways as they have been transformed into literary fiction The first thread looks at the way melancholia must be worked through for mourning to occur and healing to happen the second thread looks at how symbolic acts of sacrifice can help to heal intergenerational trauma the third thread looks at the way people with avoidant attachment styles can begin to open themselves up to love again the fourth thread looks at how individuation can manifest as a response to nihilism Meticulously researched and written with sensitivity the result is a sophisticated exploration of Murakami s published novels as an evolving therapeutic project that will be of great value to all scholars of Japanese literature and culture **Dances with Sheep** Matthew Strecher, 2021-01-19 As a spokesman for disaffected youth of the post 1960s Murakami Haruki has become one of the most important voices in contemporary Japanese literature and he has gained a following in the United States through translations of his works In *Dances with Sheep* Matthew Strecher examines Murakami s fiction and to a lesser extent his nonfiction for its most prevalent structures and themes Strecher also delves into the paradoxes in Murakami s writings that confront critics and casual readers alike Murakami writes of serious themes yet expresses them in a relatively uncomplicated style that appeals to high school students as well as scholars and his fictional work appears to celebrate the pastiche of postmodern expression yet he rejects the effects of the postmodern on contemporary culture as dangerous Strecher s methodology is both historical and cultural as he utilizes four distinct yet interwoven approaches to analyze Murakami s major works the writer s formulaic structure with serious themes his play with magical realism the intense psychological underpinnings of his literary landscape and his critique of language and its capacity to represent realities past and present *Dances with Sheep* links each of these approaches with Murakami s critical focus on the fate of individual identity in contemporary Japan The result is that the simplicity of the Murakami hero marked by lethargy and nostalgia emerges as emblematic of contemporary humankind bereft of identity direction and meaning Murakami s fiction is reconstructed in *Dances with Sheep* as a warning against the

dehumanizing effects of late model capitalism the homogenization of the marketplace and the elimination of effective counterculture in Japan      **Financial Euphoria, Consumer Culture, and Literature of 1980s Japan** Ikuho

Amano,2022-12-30 This book is an interdisciplinary study of Japan during the socially euphoric years of the Bubble Economy in the 1980s Shedding light on consumer experiences this study explores the socio cultural landscape of Japan the nation that boasted the second largest economy in the late twentieth century Drawing its analysis from various media sources popular literary works and public reports the book articulates how the late 1980s calibrated consumer demands lifestyles and perceptions of wealth Through an examination of the qualitative effects of Bubble money on consumers the book disentangles the anatomy of the festive ambience in the economic phase closely reading fictional and non fictional literary works that play the role of reportage critique and satire Through observations of human behaviours in consumption the book reveals psychosomatic experiences and self consciousness Featuring a wide range of sources from Japanese media and literary works which have yet to be translated for an English audience this book will be a valuable resource for students and scholars of modern Japanese culture and literature who are interested in the socio economic landscape of late twentieth century Japan
