

# WOODEN HOUSE

**Y**ou may need to build a house to protect yourself and your possessions in Survival mode, or you might want to build a beautiful cottage in Creative mode. Whatever your requirements, houses are one of the most important constructions to get right.

## CONSTRUCTION MATERIALS

First, create a simple 5-block-tall outline using cobblestone blocks. Add a slight overhang at the front for an entrance and a slight dip in the back for a rear porch.

Build up the first-floor walls, leaving in mind how high you'd like your ceiling to be. We recommend at least 1 or 2 blocks of space above and head so it doesn't feel too cramped. Fill in your first floor using wood planks.

## DIFFICULTY RICK

Build up the second-floor walls in wood planks to complement the first floor. It's often easier to fit in the same wall, then knock any extra blocks out to add windows. Add in your second floor using wood planks followed by a handy wooden staircase.

Use glass blocks for window panes and wool blocks to define the edges of your house. Add 2 sets of wooden double doors to the entrance and torches for light. It's all up to you. Finally, lay out your ground and decorate your house.

## TOOL TIPS

Use an axe to break wood faster. Use a pickaxe to break stone faster.
