Department of Regulatory Agencies. Office of Policy, Research, and Regulatory Reform,2019 **The Digital Mind** Kristian Bankov,2022-02-23 This book reveals the core

features of digital culture examined by means of semiotic models and theories. It positions commercial and market principles in the center of the digital semiosphere avoiding the need to force the new cultural reality into the established textualist or pragmatist paradigms. The theoretic insights and case studies presented here argue for new semiotic models of inquiry that include working with big data, user experience and ethnography along with conventional approaches. The book develops a new concept of identity in the digital age analyzing the digital flows of recognition and value which led to the tremendous success of Social Media and the Web 2.0 era. Self expression, entertainment and consumerism are seen as the major drivers of identity formation in the post truth era where the self can no longer be considered independently of a given person's communication devices where a substantial part of it is stored and actualized. It will be of interest to semioticians and researchers working on digital culture. *Adweek*, 2008. *Alpha Man Vs. **Diversity, Equity, and Inclusion in Sport** Ellen Staurowsky, Algerian Hart, 2022-06-16. As the topic of diversity, equity, and inclusion continues to be of growing importance across all businesses, *Diversity, Equity, and Inclusion in Sport* provides a comprehensive examination of DEI issues across the sport industry. This text's emphasis on application and critical thinking will guide students in developing their ability to effectively lead sport organizations of all kinds with vision and compassion. With a diverse team of contributors representing a variety of unique perspectives, this text aligns with the Commission on Sport Management Accreditation (COSMA) Common Professional Component content area of diversity issues in sport management. Organized into three parts, *Diversity, Equity, and Inclusion in Sport* aims to clearly illustrate how to make a true impact in sport settings. Part I delivers foundational knowledge of what diversity, equity, and inclusion mean within sport organizations, including how power and privilege play out in sport organizations to include some and exclude others. Students will develop the skills associated with appreciating and having conversations about differences and learn how understandings about difference affect policy development and decision making. Part II further develops understanding of diversity, equity, and inclusion through comprehensive coverage of critical areas of diversity that have an impact on the sport industry, including social class and economic status, gender and gender identity, race and ethnicity, disability, political influence, and affiliation, religion, and age. Part III is designed to empower sport professionals to become leaders, providing actionable advice on promoting and successfully implementing best practices. Students will learn about connecting difficult conversations to leadership planning, strategically assessing organizational climate, and using sport as a platform for social change. Each chapter opens with a real life scenario introducing the chapter's topic and closes with exercises to prompt critical thinking about the issues raised. Sport Industry Leader Profiles provide interviews with leading professionals for practical, informed opinions on the issues presented. Sport Industry Diversity Initiative sidebars feature organizational approaches to DEI issues.
