Lab Manual for OPNET Training

Using this book

In each section, there is some information about what you are doing and why, and some step-by-step instructions in **bold** type. There are also screenshots of the lab at various stages. For each section, read through the lab once to see what you will be doing, then go back and follow the instructions. There are screenshots above some sections that show what your project should look like. When you are done with the section, if the rest of the class is still working, we suggest that you look at the Online Documentation (under the Help menu) and search for relevant topics or topics of interest to you.
