The Energy Disruption Triangle David C. Fessler, 2019-01-30 A real world guide for adapting to the new energy era The Energy Disruption Triangle is a treatise on the energy revolution's real world impacts and a handbook for anyone looking to weather the storm Three major technologies are already changing the energy paradigm solar energy electric vehicles and energy storage As technology continues to evolve and become more accessible to the masses the nation's energy habits will experience a dramatic upheaval this book provides actionable guidance to help you adapt We are already in the beginning stages of this black swan event and most people don't know what's coming but it will come much sooner and much faster than anyone thinks This book reveals the revolution happening right before our eyes and shows you how to thrive in this new era Learn how our energy supplies and usage are changing Understand why energy storage matters and how the technology is evolving Explore the history and future of groundbreaking energy technologies Delve into the disruption of the U S energy supply and the possibility of energy independence Rapidly advancing battery technology is boosting energy storage for homeowners utilities and electric vehicle manufacturers stranding fossil fuels in the ground due to the high price of extraction relative to cost effective sources such as solar and wind Traditional energy sources are being phased out and our nation has come to a fork in the road uphold the status quo and allow our energy supply to be disrupted or adapt and advance to a state of total energy independence The Energy Disruption Triangle explores the state of U S energy from source to consumer and provides insight into the three sectors that are changing the world

Resisting Corporate Corruption

Stephen V. Arbogast, 2022-11-16 Resisting Corporate Corruption The frequently used textbook is now in its 4th edition and includes new case studies on Tesla VW Nikola WeWork and Theranos Resisting Corporate Corruption teaches business ethics in a manner very different from the philosophical and legal frameworks that dominate graduate schools The book offers twenty seven case studies and eight essays that cover a full range of business practices controls and ethics issues The essays discuss the nature of sound financial controls root causes of the Financial Crisis contemporary ethics challenges like Fake it Till You Make It and the evolving nature of whistleblower protections The cases are framed to instruct students in early identification of ethics problems and how to work such issues within corporate organizations They also provide would be whistleblowers with instruction on the challenges they'd face plus information on the legal protections and outside supports available should they embark on that course Some of the cases illustrate how The Young are the Most Vulnerable i.e. short service employees are most at risk of being sacrificed by an unethical firm Other cases show the ethical dilemmas facing well known CEOs and the alternatives they can employ to better combine ethical conduct and sound business strategy Through these case studies students should emerge with a practical toolkit that will help them to follow their moral compass Finally the cases provide an in depth look at how a corporation becomes progressively corrupted Enron how the Financial Crisis was rooted in ethical decay at institutions as diverse as Countrywide Goldman Sachs Citigroup and Moody's and at the ethical

challenges that have emerged in the post crisis post Dodd Frank environment at firms like TESLA VW Theranos and WeWork Audience This text provides practical case study work for business and law students and employees in the formative stages of their careers It is intended to help prepare this audience to withstand pressures and adverse cultural influences as they progress along a career path

Advances in Human Factors of Transportation Gesa Praetorius, Steven Mallam, Amit Sharma, Dimitrios Ziakkas, Riccardo Patriarca, 2025-07-26 Proceedings of the 16th International Conference on Applied Human Factors and Ergonomics and the Affiliated Conferences Orlando Florida USA 26 30 July 2025 **Munsey's Weekly**, 1895 *Business Week*, 2009 Autonomous Vehicles and the Law Hannah Yee Fen Lim, Autonomous vehicles have attracted a great deal of attention in the media however there are some inconsistencies between the perception of autonomous vehicles capabilities and their actual functions This book provides an accessible explanation of how autonomous vehicles function suggesting appropriate regulatory responses to the existing and emerging technology *Shankar's Weekly*, 1952 Capital Project Management, Volume III Robert N. McGrath, 2019-11-21 As an extension of Volumes I and II of this series this book contains a detailed elaboration of the Tesla story in a way that also serves to examine the interaction of technology and economic forces that determine the structural profitability of any industry especially capital intense industries The economics are the five forces introduced to the management lexicon by strategic management scholars Here there is strong emphasis on the interplay among product technology production and supply chains and Wall Street The author is a retired business professor his research interest has been the management of technology and innovation For this book he double checked none of the 1 250 media items collected accepting their overall veracity at face value This approach advocates no one person no one company no one technology and no portion of the global automobile industry Analysis and practical application came foremost
