The Secret to Cybersecurity Scott Augenbaum, 2019-01-29 Cybercrimes are a threat and as dangerous as an armed intruder yet millions of Americans are complacent or simply uninformed of how to protect themselves The Secret to Cybersecurity closes that knowledge gap by using real life examples to educate readers It's 2 a.m. do you know who your child is online with According to author Scott Augenbaum between 80 to 90 percent of students say they do whatever they want on their smartphones and their parents don't have a clue Is that you What about your online banking passwords are they safe Has your email account or bank debit card ever been compromised In 2018 there were data breaches at several major companies If those companies have your credit or debit information that affects you There are bad people in the world and they are on the internet They want to hurt you They are based all over the world so they're hard at work when even you're sleeping They use automated programs to

probe for weaknesses in your internet security programs And they never stop Cybercrime is on the increase internationally and it s up to you to protect yourself But how The Secret to Cybersecurity is the simple and straightforward plan to keep you your family and your business safe Written by Scott Augenbaum a 29 year veteran of the FBI who specialized in cybercrimes it uses real life examples to educate and inform readers explaining who why how so you ll have a specific takeaway to put into action for your family Learn about the scams methods and ways that cyber criminals operate and learn how to avoid being the next cyber victim *The Manipulation Economy - How People Get Rich Off Your Emotions* Sonia Blake, Lucinda Berry,2025-10-12 In a world where attention is currency you are the product Every scroll every like every outrage someone is cashing in The Manipulation Economy pulls back the curtain on the hidden system that thrives on your emotions fear anger envy even love and turns them into profit From social media algorithms designed to keep you addicted to brands that sell authenticity while studying your psychology this book exposes how modern capitalism has evolved into emotional capitalism You ll discover how corporations influencers and even news outlets weaponize your feelings to control what you buy believe and become But this isn t just another book about manipulation it s your wake up call Through shocking real world examples and piercing analysis you ll see how data psychology and marketing intertwine to build billion dollar empires powered by your reactions And more importantly you ll learn how to reclaim your focus protect your peace and think freely in a world built to hijack your mind If you ve ever wondered why you can t stop scrolling why outrage sells or why the truth feels harder to find than ever this book will give you the answers and the ant idote **Clickbait** E.J. Russell,2016-12-05 After the disastrous ending of his first serious relationship Gideon Wallace cultivated a protective but fabulously shiny outer shell to shield himself from Heartbreak 2 0 Besides romance is so not a priority for him right now All his web design prospects have inexplicably evaporated and to save his fledgling business he s been compelled to take a hands on hardware project as in his hands on screwdrivers soldering irons and needle nosed pliers God Failure could actually be an option Journeyman electrician Alex Henning is ready to leave Gideon twisting in the wind after their run ins both on and off the construction site Except like a fool he takes pity on the guy and offers to help Never mind that between coping with his dad s dementia and clocking all the overtime he can finagle he has zero room in his life for more complications Apparently an office build out can lay the foundation for a new relationship Who knew But before Alex can trust Gideon with the truth about his fragile family he has to believe that Gideon s capable of caring about more than appearances And Gideon must learn that when it comes to the heart it s content not presentation that matters *India Today* ,2001 [Google Hacking for Penetration Testers](#) Johnny Long,2004-12-17 Google the most popular search engine worldwide provides web surfers with an easy to use guide to the Internet with web and image searches language translation and a range of features that make web navigation simple enough for even the novice user What many users don t realize is that the deceptively simple components that make Google so easy to use are the same features that generously unlock security flaws for the malicious hacker Vulnerabilities in website security

can be discovered through Google hacking techniques applied to the search engine by computer criminals identity thieves and even terrorists to uncover secure information This book beats Google hackers to the punch equipping web administrators with penetration testing applications to ensure their site is invulnerable to a hacker's search Penetration Testing with Google Hacks explores the explosive growth of a technique known as Google Hacking When the modern security landscape includes such heady topics as blind SQL injection and integer overflows it's refreshing to see such a deceptively simple tool bent to achieve such amazing results this is hacking in the purest sense of the word Readers will learn how to torque Google to detect SQL injection points and login portals execute port scans and CGI scans fingerprint web servers locate incredible information caches such as firewall and IDS logs password databases SQL dumps and much more all without sending a single packet to the target Borrowing the techniques pioneered by malicious Google hackers this talk aims to show security practitioners how to properly protect clients from this often overlooked and dangerous form of information leakage First book about Google targeting IT professionals and security leaks through web browsing Author Johnny Long the authority on Google hacking will be speaking about Google Hacking at the Black Hat 2004 Briefing His presentation on penetrating security flaws with Google is expected to create a lot of buzz and exposure for the topic Johnny Long's Web site hosts the largest repository of Google security exposures and is the most popular destination for security professionals who want to learn about the dark side of Google
