## Only A Witch Can Fly:

**Only a Witch Can Fly** Alison McGhee, 2009-08-04 Timeless universal and surprising this magical and poetic Halloween tale is a gentle reminder that in order to reach for the stars you must follow your heart **Only a Witch Can Fly**, 2009

**Phenomenality Of Flying** Engin Yurt, It would be really easy to answer the main question of this text What is flying The investigation is solely about how to define what flying is How does one define flying This question at first depends on the scales and reference points So how does one define flying is essentially related to the question of with reference to what does one define flying And in this point just like the impossible knowledge of an owl's location or address of the space and place itself there is an impossibility To surpass this impossibility we have linguistic structures and phrases such as In its essence truly as such by definition by itself in itself etc Therefore to go beyond and this impossibility while comes with the lack of frame of references we ask what is flying in its essence What is flying as such what truly is flying 01 what is truly flying truly what is flying and what is flying is unclear what is flying in itself what is flying in itself It is a retreat We ask because we want to have a definition by itself that doesn't need any kind of reference tool from the first We want to have a definition that weis to nothing or nothing other than itself and also we want this definition to be useful regarding that it can be the absolute reference that all the other perspectives regarding flying will refer to eventually In short we ask What is flying as such which means what is flying as a village This as such at all accuse or the Absolute itself when it is problematic can open up new ways of thinking especially in phenomenology Hence the beginning of this text begins *The Light Theatre Opened to Universe (II)* Kazuo Ueno, 2013 How 17th Century Dutch Painter Johannes Vermeer's idea was influenced from Christian Huygens Perhaps in the sense of subconsciousness and eventually how it was realized by the method so called Mimesis look alike in his painting as Heaven Earth correspondence His painting represents Universe itself *Santa Claus* Letlhokwa George Mpedi, 2020-11-30 The origins of Santa Claus or so I am told is that the young Bishop Nicholas secretly delivered three bags of gold as dowries for three young girls to their indebted father to save them from a life of prostitution Armed with immortality a factory of elves and a fleet of reindeer his has been a lasting legacy inextricably linked to Christmas Of course this Christmas looks a little different Amidst a global pandemic shimmying down the chimneys of strangers certainly does not adhere to social distancing guidelines Some borders remain closed and in some instances the quarantine period is far too long After all he only has 24 hours to spread cheer across the world As with the rest of us Santa Claus is likely to get the remote working treatment The reindeers this year are likely to be self-driving reminiscent of an Amazon swarm of technology and the naughty and nice lists are likely to be based on algorithms derived from social media accounts In the age of the fourth industrial revolution it is difficult to imagine that letters suffice anymore How many posts were verified as real before shared Enough to get you a drone Fake news Here is a lump of coal Will we see elves in personal protective equipment PPE and will Santa Claus high risk because of age and his likely comorbidities from the copious amount of cookies have to self-isolate in the North Pole In

fact will there be any toys at all this year Surely production has been stalled with the restrictions on imports and exports into the North Pole Perhaps there is a view to outsourcing or perhaps there is a shift towards local production and supply chains More importantly as we have done in many instances in this period maybe we should pause to reflect on the current structures in place The sanctification of a figure so clearly dismissive of the Global South and to be critical quite classist must be called into question From some of the keenest minds the contributions in this book make a strong case against this holly jolly man We traverse important topics such as is the constitution too lenient with a clear intruder who has conveniently branded himself a Good Samaritan Allegations of child labour under the guise of elves blatant animal cruelty constant surveillance in stark contrast to many democratic ideals and his possible threat to national security come to the fore Nevertheless as the song goes he is aware when you are asleep and he knows when you are awake Is feminism a farce to this beloved man what role does Mrs Claus play and why are there inherent gender norms in his toys Then is the worry of closed borders and just how accurate his COVID 19 tests are Of course this brings his ethics into question While there is an agreement that transparency justice and fairness nonmaleficence responsibility and privacy are the core ethical principles the meaning of these principles differs particularly across countries and cultures Why are we subject to Santa Claus notions of good and evil when he is so far removed from our context As Richard Thaler and Cass Sunstein would tell you this is fundamentally a nudge from Santa Claus for children to fit into his ideals A nudge coined by Thaler is a choice that predictably changes people s behaviour without forbidding any options or substantially changing their economic incentives Even with pinched cheeks and an air of holiday cheer Santa Claus has to come under scrutiny In the process of decolonising knowledge and looking at various epistemologies does Santa still make the cut
