**Less is More** Kimberly Campbell, 2007 *Less Is More* is full of powerful ideas for teaching with short provocative text. This book broadens and extends our available teaching tools and materials and can help engage all students. It is a valuable resource for language arts teachers. Cris Tovani: Language arts teachers want all of their students to love literature and embrace the novels they assign. The classroom reality is that many students are not ready or motivated to immerse themselves in an entire novel. In order to reach and engage all students, teachers need to look beyond novels alone and embrace a richer variety of literature. In *Less Is More*, Kimberly Hill Campbell draws on research as well as her own classroom experiences to show how short texts engage a wide range of middle and high school students. She shares her discovery of the power of short texts to support her students' skills as readers, writers, and students of literature. Kimberly shows how short texts can be integrated into the curriculum without sacrificing required novels. Chapters examine different genres of short text such as short stories, essays, memoir, and graphic novels. Each chapter provides reading, writing, and response strategies as well as a broad selection of short text resources that have proven effective with a wide range of students.

*Memoir of a Retired Teacher* Praxedes Solina Victoriano, 2022-07-13 *Memoir of a Retired Teacher* By Praxedes Solina Victoriano. Teacher Praxedes Solina Victoriano wrote *Memoir of a Retired Teacher* to reach the attention of parents, school administrators, and government authorities about the problems prevailing in US classrooms. Praxedes hopes that if the above-mentioned sectors work together, teachers will be able to teach more effectively, resulting in a higher quality of education, especially in the public secondary schools. The main purpose of writing this book is to help teachers maximize the learning process in their classrooms.

*Supporting Reading in Grades 6-12* Sybil M. Farwell, Nancy L. Teger, 2012-06-11. This book presents a curricular framework for students, grades 6-12, that school librarians and teachers can use collaboratively to enhance reading skill development, promote literature appreciation, and motivate young people to incorporate reading into their lives beyond the required schoolwork. *Supporting Reading Grades 6-12: A Guide* addresses head-on the disturbing trend of declining leisure reading among students and demonstrates how school librarians can contribute to the development of lifelong reading habits as well as improve students' motivation and test scores. The book provides a comprehensive framework for achieving this: the READS curriculum, which stands for Read as a personal activity, Explore characteristics, history, and awards of creative works, Analyze structure and aesthetic features of creative works, Develop a literary-based product, and Score reading progress. Each of these five components is explained thoroughly, describing how school librarians can encourage students to read as individuals, in groups, and as school communities support classroom teachers' instruction and connect students to today's constantly evolving technologies. Used in combination with an inquiry information skills model, the READS curriculum enables school librarians to deliver a dynamic, balanced library program that addresses AASL's Standards for the 21st Century Learner.
