Men Get Pregnant Too:

Wake up Black Man and Black Woman Alpha Omega Riddick, 2010-07-08 Black people of America we need to stop reading books about thug life and street life We need to read books that will open our minds to ideas and issues that will help us and our families and the future of black generations of this country Black people of America we were here before most of the other nationalities that are here now We should be in a much better financial situation than we are in now Most of us are at the bottom or near the bottom of the economic scale as a whole We have to learn from the foreigners that stick together and open up businesses in our community Plus we have to stop giving our hard earned money to other nationalities and none to ourselves in a way we are still slaves I wrote this book to inspire Black Americans to open their eyes to the positive changes we need to make to help our families and future black generations in America This book shows how we are living compared to other nationalities in America as well as the factors that are holding us back as a whole We must remember our ancestors and the sacrifices they made when they were slaves They were the strongest people in the world and we are their descendants I feel they were superhuman beings to make that trip from Africa to America We as black Americans have that same ability in us to survive Remember we are the alpha race We need to wake up and stop hitting the snooze button May God bless this book and everyone that reads it Liberalism Mark Dice, 2018-11-13 It is as if we are living in an episode of the Twilight Zone Every day we are inundated by news reports trending topics on social media and new political movements promoting such bizarre beliefs about race gender sexuality and life in general that it is impossible in many cases to distinguish whether such ideas are serious or if they are a parody of what liberalism has become The political differences between liberals and conservatives used to be pretty well established but recently the tug of war between the Left and the Right took a dramatic and disturbing turn Modern liberalism has been replaced with new mind boggling agendas promoting the adoption of unscientific authoritarian and sociologically disastrous ideologies In attempts to accomplish their plans the Left are conspiring to end freedom of speech traditional families long cherished holidays and hope to implement a new world order Who is behind this madness What is their ultimate goal How far are they willing to go to achieve it And what can we do to stop them Bestselling author and media analyst Mark Dice takes you on a tour inside the minds of those constructing this new social landscape in his groundbreaking investigation *Liberalism Find a Cure* **Doublethink** Janice G. Raymond, 2021-09-20 In an age when falsehoods are commonly taken as truth Janice Raymond's new book illuminates the doublethink of a transgender movement that is able to define men as women women as men he as she dissent as heresy science as sham and critics as fascists The medicalization of gender dissatisfaction depicted by Raymond in her early visionary book *The Transsexual Empire* has today expanded exponentially into the transgender industrial complex built on big medicine big pharma big banks big foundations big research centers some attached to big universities And the current rise of treating young children with puberty blockers and hormones is a widespread scandal that has been named a medical

experiment on children Whereas transsexualism was mainly a male phenomenon in the past with males undertaking cross sex hormones and surgery today it is notably young women who are self declaring as men in large numbers Doublethink makes us aware of the consequences of a runaway ideology and its costs among them what is at stake when males are allowed to compete in female sports and when schools dupe facilitating a child s hormone treatments GET PREGNANT Catherine Stack N.D., C.N.M.,2021-10-04 Are you attempting to become pregnant and frustrated by the lack of results Have you been told nothing is wrong with you but still have not been able to become pregnant Do you desire pregnancy in the near future If you can relate to any of these questions this book is for you I have been a midwife for over 23 years and have advised many women on becoming as well as maintaining a beautiful pregnancy Now I d like to share my best advice with you Cathi This short but very potent book of wisdom will undoubtedly get you started on your path to achieving pregnancy The tools and advice given in this eBook are written in a very easy to understand and applicable way It is not complicated and will not bore you with many details of what you already know Cathi gets straight to the nuts and bolts of what you can begin to apply today

L for Life Love and Lots in Between Loaiy A. Tageldin,2010-01-01 Many memories fade but there are some that survive the test of time They are usually simple things a piece of news a trip a special occasion and yet they linger in the mind and influence us without intention I remember it clearly I was eight years old when I heard the news Auntie Amal had cancer The hardest thing is that cancer can be a slow and silent visitor it quietly tiptoes into our lives and gets to work It begins picking away at our hopes and dreams invading our privacy silently taking hold of our homes and families and friends And when cancer finally controls enough it announces its victory raising its flag triumphantly over our broken bodies and shattered lives Homes empty ambitions scattered to the wind dreams turned to nightmares that is cancer Taking the hopes and expectations of our future and turning them to dust that is cancer Descriptor s ENGLISH FICTION SHORT STORIES
