Menopause The Commonsense Approach Get Through The Menopause With Confidence:

Menopause - The Commonsense Approach Ruth Appleby, 1998-04-01 The menopause is a natural stage in every woman's life. Now thanks to Menopause The Commonsense Approach, a practical and optimistic guide to the menopause experience, you can get through it with grace and confidence. Many women can go through this process naturally and gracefully while retaining their vitality and energy. However, recent over-emphasis on the difficulties of the menopause have led it to be labelled as a condition that needs intervention and treatment. Homeopath Ruth Appleby approaches menopause in a positive and sensible way. She explains what it is, the early signs to watch out for, and exactly what changes will occur in the body. From hot flushes to thinning hair, she has menopause covered. She also gives advice on how to improve your overall state of health, believing that women who have general good health should experience fewer problems. For those who do have difficulties, she suggests many natural and holistic solutions: diet, exercise, homeopathy, herbal remedies, supplements, and Hormone Replacement Therapy. The Commonsense Approach series is a series of self-help guides that provide practical and sound ways to deal with many of life's common complaints. Each book in the series is written for the layperson and adopts a commonsense approach to the many questions surrounding a particular topic. It explains what the complaint is, how and why it occurs, and what can be done about it. It includes advice on helping ourselves and information on where to go for further help. It encourages us to take responsibility for our own health, to be sensible, and not always to rely on medical intervention for every ill. Other titles in the series include Depression The Commonsense Approach, Headaches The Commonsense Approach, and Stress The Commonsense Approach.

The Wisdom of Menopause (4th Edition) Christiane Northrup, 2021-05-11 The *Wisdom of Menopause* offers an honest look at the menopausal transition. If you are looking for realistic, positive, and constructive solutions to the inevitable challenges of life, then look no further: you have found your sourcebook. The North American Menopause Society's #1 New York Times bestseller when first published, this groundbreaking book has inspired more than a million women with a dramatically new vision of midlife and will continue to do so for generations to come. As Dr. Christiane Northrup explains, the change is not simply a collection of physical symptoms to be fixed, but a mind-body revolution that brings the greatest opportunity for growth since adolescence. The choices a woman makes now, from the quality of her relationships to the quality of her diet, have the power to secure vibrant health and well-being for the rest of her life. In this fully revised and updated fourth edition, Dr. Northrup draws on the current research and medical advances in women's health, including up-to-date information on hormone testing and hormone therapy, a completely new take on losing weight, and training your mind to release extra pounds. New insights on the relationship between thyroid function, Hashimoto's disease,
