One World, One Health – Global Partnership for Digital Innovation Paula Otero,Philip Scott,Susan Z.
Martin,2022-08-15 The World Health Organization defines health as a state of complete physical mental and social well being
and not merely the absence of disease or infirmity and its constitution also asserts that health for all people is dependent on
the fullest co operation of individuals and States The ongoing pandemic has highlighted the power of both healthy and
unhealthy information so while healthcare and public health services have depended upon timely and accurate data and
continually updated knowledge social media has shown how unhealthy misinformation can be spread and amplified
reinforcing existing prejudices conspiracy theories and political biases This book presents the proceedings of MedInfo 2021
the 18th World Congress of Medical and Health Informatics held as a virtual event from 2 4 October 2021 with pre recorded
presentations for all accepted submissions The theme of the conference was One World One Health Global Partnership for
Digital Innovation and submissions were requested under 5 themes information and knowledge management quality safety
and outcomes health data science human organizational and social aspects and global health informatics The Programme
Committee received 352 submissions from 41 countries across all IMIA regions and 147 full papers 60 student papers and 79
posters were accepted for presentation after review and are included in these proceedings Providing an overview of current
work in the field over a wide range of disciplines the book will be of interest to all those whose work involves some aspect of
medical or health informatics
