[Challenging Misrepresentations of Black Womanhood](#) Marquita M. Gammage, Antwanisha Alameen-Shavers, 2019-03-22

Challenging Misrepresentations of Black Womanhood investigates the typecasting of Black womanhood and the larger sociological impact on Black women's self perceptions. It details the historical and contemporary use of stereotypes against Black women and how these women work to challenge and dispel false perceptions. The book highlights the role of racist ideas in the reproduction and promotion of stereotypes of Black femaleness in media, literature, artificial intelligence and the perceptions of the general public. Contributors in this collection identify the racist and sexist ideologies behind the misperceptions of Black womanhood and illuminate twenty-first century stereotypical treatment of Black women such as Michelle Obama and Serena Williams and explore topics such as comedic expressions of Black motherhood, representations of Black women in television dramas and literature, and identity reclamation and self-determination. Challenging Misrepresentations of Black Womanhood establishes the criteria with which to examine the role of stereotypes in the lives of Black women and more specifically its impact on their social and psychological well-being.

*Educational Change and the Political Process*

Dana L. Mitra, 2022-06-15. Educational Change and the Political Process brings together key ideas on both the system of educational policy and the policy process in the United States. It provides students with a broad methodical understanding of educational policy. No other textbook offers as comprehensive a view of the US educational policy procedure and political systems. Section I discusses the actors and systems that create and implement policy on both the federal and the local level. Section II walks students through the policy process from idea to implementation to evaluation and Section III delves into three major forces driving the creation of educational policies in the current era: accountability, equity and market-driven reforms. Each chapter provides case studies, discussion questions and classroom activities to scaffold learning as well as a bibliography for further reading to deepen exploration of these topics. This new edition will explore recent Trump era and post-Trump era US politics and policy changes as well as the politics of race.

**Michelle Obama and the FLOTUS Effect** Heather E. Harris, Kimberly R. Moffitt, 2019-10-29. The FLOTUS Effect emphasizes the import of agency on the part of Michelle Obama in relation to her politics as evidenced in her positionality and presence as the first African American woman to serve as First Lady of the United States of America. Her occupation of a previously white space and place tended to frame her as an enigma in the American mind and media. Contributors reflect on Mrs. Obama's eight years in her ceremonial position and the ways she chose to uniquely embody her role. Hence the result is a volume that speculates upon her evolving legacy and the likely effects of what it meant to be the first African American woman to serve in the ceremonial yet powerful role of FLOTUS.
