

# FEATURES

## MICROWAVE OVEN FEATURES

### **⚠ WARNING:**

Do not operate the oven when empty or without the glass tray. It is best to leave a glass of water in the oven when not in use. The water will safely absorb all microwave energy, if the oven is accidentally started.

Your microwave oven is designed to make your cooking experience as enjoyable and productive as possible. To get you up and running quickly, the following is a list of the oven's basic features:

1. **Metal Shielded Window.** The shield prevents microwaves from escaping. It is designed as a screen to allow you to view food as it cooks.
2. **Model and Serial Number Plate, Cooking Guide & Service call Label**
3. **Charcoal Filter (behind Vent Grille)**
4. **Vent Grille**
5. **Glass Tray.** The glass tray moves food as it cooks for more even cooking. It must be in the oven during operation for best cooking results.
6. **Cooktop/Countertop Light**
7. **Control Panel.** Touch the buttons on this panel to perform all functions.
8. **Metal Rack.** Use for extra space when cooking in more than one container at the same time. Remove cooking rack when you are not using it.
9. **Grease Filter**
10. **Slide-Out Hood.** Push the Slide-out hood to move the slide-out hood to the Front or Rear. This will allow you to remove the steam and other vapors more effectively from surface cooking.
