*In the Midst of Alarms* Robert Barr, 2015-08-13 Robert Barr 16 September 1849 21 October 1912 was a Scottish Canadian short story writer and novelist born in Glasgow Scotland    [In the Midst of Alarms](#) Robert Barr, 2013-05-18 In the marble floored vestibule of the Metropolitan Grand Hotel in Buffalo Professor Stillson Renmark stood and looked about him with the anxious manner of a person unused to the gaudy splendor of the modern American house of entertainment The professor had paused halfway between the door and the marble counter because he began to fear that he had arrived at an inopportune time that something unusual was going on The hurry and bustle bewildered him An omnibus partly filled with passengers was standing at the door its steps backed over the curbstone and beside it was a broad flat van on which stalwart porters were heaving great square iron bound trunks belonging to commercial travelers and the more fragile but not less bulky saratogas doubtless the property of the ladies who sat patiently in the omnibus Another vehicle which had just arrived was backing up to the curb and the irate driver used language suitable to the occasion for the two restive horses were not behaving exactly in the way he liked A man with a stentorian but monotonous and mournful voice was filling the air with the information that a train was about to depart for Albany Saratoga Troy Boston New York and the East When he came to the words the East his voice dropped to a sad minor key as if the man despaired of the fate of those who took their departure in that direction Every now and then a brazen gong sounded sharply and one of the negroes who sat in a row on a bench along the marble paneled wall sprang forward to the counter took somebody s handbag and disappeared in the direction of the elevator with the newly arrived guest following him Groups of men stood here and there conversing heedless of the rush of arrival and departure around them    **[In the Midst of Alarms \(Esprios Classics\)](#)** Robert Barr, 2023-02-25    **[In the](#)**

In this Book of the West I have not sought to say all that might be said relative to Devon and Cornwall nor have I attempted to make of it a guide book I have rather endeavoured to convey to the visitor to our western peninsula a general idea of what is interesting and what ought to attract his attention The book is not intended to supersede guide books but to prepare the mind to use these latter with discretion In dealing with the history of the counties and of the towns it would have swelled the volumes unduly to have gone systematically through their story from the beginning to the present it would moreover have made the book heavy reading as well as heavy to carry I have chosen therefore to pick out some incident or some biography connected with the several towns described and have limited myself thereto My object then must not be misunderstood and my book harshly judged accordingly There are vi ten thousand omissions but I venture to think a good many things have been admitted which will not be found in guide books but which it is well for the visitor to know if he has a quick intelligence and eyes open to observe In the Cornish volume I have given rather fully the stories of the saints who have impressed their names indelibly on the land It has seemed to me absurd to travel in Cornwall and have these names in the mouth and let them remain nuda nomina They have a history and that is intimately associated with the beginnings of that of Cornwall But their history has not been studied and in books concerning Cornwall most of the statements about them are wholly false I have not entered into any critical discussion concerning moot points I have left that for my Catalogue of the Cornish Saints that is being issued in the Journal of the Royal Institution of Cornwall There are places that might have been described more fully others that have been passed over without notice

The Walkers of Southgate, a Famous Brotherhood of Cricketers W. A. Bettesworth, 1900    **Evolution** F. B. Jevons, 2022-09-16

In Evolution F B Jevons embarks on a profound exploration of the intersection between philosophy science and economics examining how evolutionary theory influences various aspects of human experience Written in the late 19th century during a period marked by rapid scientific advancements and intellectual ferment Jevons employs a clear and analytical style that synthesizes complex ideas into accessible prose The text delves into the implications of Darwinian

thought not merely as a biological principle but as a framework that encompasses social and economic evolution positioning it within the broader discourse of progress and human development F B Jevons was a noted economist and philosopher whose works significantly contributed to the fields of utility and marginalism His background in both the sciences and the humanities informed his multidisciplinary approach as he sought to integrate insights from various domains into his economic theories This holistic perspective paired with his keen observations of societal shifts motivated him to articulate a vision of evolution that resonated with contemporary intellectual currents while anticipating future debates around the concepts of change and adaptation Evolution is essential reading for anyone interested in the philosophical underpinnings of modern thought Jevons insights not only illuminate the prevailing ideas of his time but also challenge readers to consider the ongoing relevance of evolutionary frameworks in understanding contemporary issues This text is a valuable resource for scholars and enthusiasts alike promising to enrich one's understanding of the intricate relationship between evolution society and economics
