The Oxford Encyclopedia of American Literature Jay Parini, 2004 This set treats the whole of American literature from the European discovery of America to the present with entries in alphabetical order Each of the 350 substantive essays is a major interpretive contribution Well known critics and scholars provide clear and vividly written essays that reflect the latest scholarship on a given topic as well as original thinking on the part of the critic The Encyclopedia is available in print and as an e reference text from Oxford s Digital Reference Shelf At the core of the encyclopedia lie 250 essays on poets playwrights essayists and novelists The most prominent figures such as Whitman Melville Faulkner Frost Morrison and so forth are treated at considerable length 10 000 words by top flight critics Less well known figures are discussed in essays ranging from 2 000 to 5 000 words Each essay examines the life of the author in the context of his or her times looking in detail at key works and describing the arc of the writer s career These essays include an assessment of the writer s current reputation with a bibliography of major works by the writer as well as a list of major critical and biographical works about the writer under discussion A second key element of the project is the critical assessments of major American masterworks such as Moby Dick Song of Myself Walden The Great Gatsby The Waste Land Their Eyes Were Watching God Death of a Salesman or Beloved Each of these essays offers a close reading of the given work placing that work in its historical context and offering a range of possibilities with regard to critical approach These fifty essays ranging from 2 000 to 5 000 words are simply and clearly enough written that an intelligent high school student should easily understand them but sophisticated
