Does Jesus care how I arrange the desks in my classroom How I evaluate student work The way I interact with students and colleagues What if all these small moment by moment classroom decisions a Christian teacher makes are actually the evidence of living discipleship Teaching Christianly does not just happen it is the result of deliberate choices to work toward shrinking the gap between what we say we believe and what we actually do in our teaching This book is an exploration of the teaching profession through the lens of living out our calling through teaching as discipleship Whether you are new to the profession or a seasoned veteran you will find ideas to expand your imagination about what teaching Christianly looks like considering topics that run the range from professionalism and ethics to a biblical view of learners and learning to content knowledge and curriculum to planning instruction and assessment Teaching Christianly is a journey a process of growing as a more faithful disciple and more closely following Jesus day by day Learning to teach Christianly is an adventure of always becoming and never arriving until that day when we meet the Lord face to face Welcome to the adventure **Leading With**

Inquiry and Action Matthew Militello,Sharon F. Rallis,Ellen B. Goldring,2009-07-23 This essential guide for educational leaders skillfully blends scholarship with practice and integrates theory with real world examples Through case studies the authors show the reader how to develop support and improve a collaborative inquiry action process for improving teaching and learning If we are going to have schools that successfully educate all students to high standards then we need principals who translate the lessons of this book into practice Andrew Lachman Executive Director Connecticut Center for School Change Enhance learning with a collaborative inquiry based system of leadership With sociopolitical forces prompting calls for school improvement school leaders look for ways to expand their expertise in instructional leadership and strengthen their role in shaping classroom practice Leading With Inquiry and Action presents a systematic ongoing process for collecting information making decisions and taking action to improve instruction and raise student achievement The authors illustrate this collaborative inquiry action cycle with a running vignette of an experienced principal and offer questions and exercises to guide individual reflection and group discussion Thoroughly grounded in research this book helps administrators Identify areas for instructional improvement Determine community supported solutions and build stakeholder commitment Articulate an action plan based on multiple data sources Take steps that support teacher development Systematically evaluate program results Educational improvement requires informed leadership This practical guide provides an efficient and functional framework for transforming current or aspiring principals into inquiry minded action oriented instructional
