*Mosul before Iraq* Sarah D. Shields,2000-06-22 Using original source documents this book portrays nineteenth century Mosul a large city currently in Iraq s no fly zone **Educational Oases in the Desert** Jonathan Sciarcon,2017-01-01 A history of the French schools that pioneered female education in Ottoman Iraq s Jewish communities During the late nineteenth and early twentieth centuries the Alliance Isra lite Universelle AIU a Paris based Jewish organization founded dozens of primary schools throughout the Middle East Many were the first formal educational institutions for local Jewish children In addition to providing secular education the schools attempted to change local customs and regenerate or uplift communities Educational Oases in the Desert explores the largely forgotten history of the AIU s schools for girls in Ottoman Iraq Drawing on extensive archival research Jonathan Sciarcon argues that teachers viewed female education through a gendered lens linked to their understanding of an ideal modern society As the primary educators of children women were seen as society s key agents of socialization The AIU thus concluded that its boys schools would never succeed in creating polished westernized men so long as women remained uneducated leading to the creation of schools for girls Sciarcon shows how headmistresses acted not just as educators but also as models of modernity trying to impart new moral and aesthetic norms onto students **Records of Iraq, 1914-1966: 1932-1936** Alan de Lacy Rush,Jane Priestland,2001

**Break all the Borders** Ariel I. Ahram,2019-01-09 Since 2011 civil wars and state failure have wracked the Arab world underlying the misalignment between national identity and political borders In Break all the Borders Ariel I Ahram examines the separatist movements that aimed to remake those borders and create new independent states With detailed studies of the Islamic State in Iraq and Syria the federalists in eastern Libya the southern resistance in Yemen and Kurdish nationalist parties Ahram explains how separatists captured territory and handled the tasks of rebel governance including managing oil exports electricity grids and irrigation networks Ahram emphasizes that the separatism arose not just as an opportunistic response to state collapse Rather separatists drew inspiration from the legacy of Woodrow Wilson and ideal of self determination They sought to reinstate political autonomy that had been lost during the early and mid twentieth century Speaking to the international community separatist promised a more just and stable world order In Yemen Syria Iraq and Libya they served as key allies against radical Islamic groups Yet their hopes for international recognition have gone unfulfilled Separatism is symptomatic of the contradictions in sovereignty and statehood in the Arab world Finding ways to integrate instead of eliminate separatist movements may be critical for rebuilding regional order **Settlement of the Assyrians of Iraq** League of Nations. Council,1935 *Religious Minorities in Iraq* Maria Rita Corticelli,2024-01-25 Based on interviews and archival research this book reveals the connections and dialogue between the religious minorities living in post ISIS Iraq **State and Society in Iraq** Benjamin Isakhan,Shamiran Mako,Fadi Dawood,2017-03-17 The activities of ISIS since 2014 have brought back to centre stage a series of very old and very troubling questions about the integrity and viability of the Iraqi

state However most analysts have framed recent events in terms of their immediate past and without the contextual background to explain their evolution State and Society in Iraq moves beyond a short sighted analysis to place the complex and contested nature of Iraqi politics within a broader and deeper historical examination In doing so the chapters demonstrate that beyond the overwhelming emphasis on failed occupations cruel tyrants ethnic separatists and violent religious fanatics is an Iraqi people who have routinely agitated against the state advocated for legitimate and accountable government and called for inter communal harmony When the authors maintain the Iraqi people are given agency in the complex process of consent negotiation and resistance that underpin successful state society relations the nation can move beyond patterns of oppression and cruelty of dangerous rhetoric and divisive politics and towards a cohesive peaceful and prosperous future despite the many difficulties and the steep challenges that lie ahead
