She says, finally, "I will wait for you, but don't take forever." Ernesto and Alberto stay six days. They approach the Andes on a narrow dirt road. They have a flat and change the tire. In the process, Ernesto accidentally flashes some paper money. It is \$15. Chichina has given him to buy her a bathing suit if they make it to the U.S. Ernesto says the money is off limits.

The next day they go hunting for food at a lake. Ernesto's father had given him a handgun on the day of departure. Alberto uses it to shoot a duck, which falls into the lake. They argue about who should swim to fetch it. Ernesto does. That night he suffers a terrible asthma attack that lasts three days.

Story of a Death Foretold Oscar Guardiola-Rivera, 2013-01-01 On 11 September 1973 President Salvador Allende of Chile, Latin America's first democratically elected Marxist president, was deposed in a violent coup. That early that morning the phone lines to Allende's office were cut, army officers loyal to the republic were arrested and shortly afterwards bombs from four British-made Hawker Hunter jets began slamming into the presidential palace. Allende refused to leave his post, making broadcasts to encourage the Chilean people until the last pro-government radio station was silenced. Later that morning he was found dead with an AK 47 that had been a gift from Fidel Castro by his side. The coup had been planned for months even years before it actually happened. In fact from the moment Allende's electoral victory in 1970 became a possibility, business leaders in Chile, extreme right-wing groups, high-ranking officers in the Chilean military and the US administration and the CIA worked together to secure a prompt and dramatic end to his progressive social programme. Why Allende seemed such a threat in the political and economic context of the time and how the coup was engineered is the story Oscar Guardiola Rivera tells, drawing on a wide range of sources including phone transcripts and documents released as recently as 2008. It is a radical retelling of a moment in history that even at the height of Cold War paranoia, a time when Henry Kissinger described Chile as a dagger pointed at the heart of Antarctica, shocked the world and which continues to resonate today. As the uprisings of the Arab Spring and the global protests at austerity measures introduced since the crash of 2008 show, the world is struggling to deal with the economic and political dilemmas Allende faced at the time.
