Genovese,2023-11-09 This book examines the Nixon presidency reviews the events surrounding Watergate and the President resignation and unpacks the effects of Watergate on our politics and public attitudes about the political process Genovese a prolific scholar of the American presidency who has published three previous books on Nixon and Watergate argues that the roots of modern political dysfunction and slash and burn politics can be traced to the impact of the Vietnam War the Watergate Crisis the policies and activities of the Nixon presidency and the hyper partisanship they spawned Now 50 years on from the scandal it is time for a reappraisal of Nixon s impact and a review of the impact he has had on our political system and political culture

A Companion to Richard M. Nixon Melvin Small,2013-05-03 This companion offers an overview of Richard M Nixon s life presidency and legacy as well as a detailed look at the evolution and current state of Nixon scholarship Examines the central arguments and scholarly debates that surround his term in office Explores Nixon s legacy and the historical significance of his years as president Covers the full range of topics from his campaigns for Congress to his career as Vice President to his presidency and Watergate Makes extensive use of the recent paper and electronic releases from the Nixon Presidential Materials Project **Nixon's Vietnam War** Jeffrey P. Kimball,1998 The signing of the Paris Agreement in 1973 ended not only America s Vietnam War but also Richard Nixon s best laid plans After years of secret negotiations threats of massive bombing and secret diplomacy designed to shatter strained Communist alliances the president had to settle for a peace that fell far short of his original aims Nixon's Shadow David Greenberg,2017-07-03 How an image obsessed president transformed the way we think about politics and politicians To his conservative supporters in 1940s southern California Richard Nixon was a populist everyman to liberal intellectuals of the 1950s he was Tricky Dick a devious manipulator to 1960s radicals a shadowy conspirator to the Washington press corps a pioneering spin doctor to his loyal Middle Americans a victim of liberal hatred to recent historians an unlikely liberal Nixon s Shadow rediscovers these competing images of the protean Nixon showing how each was created and disseminated in American culture and how Nixon s tinkering with his own image often backfired During Nixon s long tenure on the national stage and through the succession of new Nixons so brilliantly described here Americans came to realize how thoroughly politics relies on manipulation Since Nixon it has become impossible to discuss politics without asking What is the politician s real character How authentic or inauthentic is he What image is he trying to project More than what Nixon did this fascinating book reveals what Nixon meant **The Nixon Presidency** Michael A. Genovese,1990-08-13 The first study to integrate and interrelate key elements of the Nixon presidency the volume traces Nixon s rise and fall emphasizing his presidency and Watergate Also an investigation of the presidency broadly defined the work is informed by concerns of both traditional political biography and of

contemporary presidential scholarship Genovese raises issues and questions vital to the presidency as he focuses on Nixon as political leader and on his style of decisionmaking and management He concludes with an analysis of Nixon's impact on and legacy to the presidency The New York Times Book Review ,1978 The Limits of Power John Robert Greene,1992-09-22 This book argues the thesis that during the Nixon and Ford administrations America discovered the limits of its power and that both presidents had therefore to adjust to new realities in both their domestic and their international activities It was also the period when the American people first insisted on certain limits to presidential activity and even forced a powerful president from office for that reason Like the distinguished preceding volumes in this series by Charles Alexander on Eisenhower and Jim Heath on the Kennedy Johnson years John Greene's book provides a balanced historical assessment of the Nixon and Ford administrations The volume focuses on both domestic and foreign policy and presents one of the first true historical judgments about these administrations American Social and Political Movements, 1945-2000 Robert J. Allison, Benjamin Frankel, 2000 This guide presents differing perspectives on the Cold War drawn from all parts of the world The Language of Argument Daniel Lamont McDonald, 1980 **The Psychohistory Review** ,1997 **Subject Catalog** Library of Congress, *Biographies, 1975-83* ,1987 **The Library Journal Book Review** ,1977 **Cassette Books** Library of Congress.
