## Lyft Update:

**Uber** B. Yasanthi Perera, Pia A. Albinsson, 2020-01-16 Uber is one of the most innovative companies of our time This book provides a detailed analysis of the company and its success and goes beyond the headlines about safety and culture Many of us are so accustomed to using Uber today that the name of the innovative ride sharing company has become a verb as in to Uber somewhere and yet Uber has been around only since 2010 Uber has disrupted the ride hailing industry from making it easier and more affordable to become an Uber driver than a cab driver to rating riders as well as drivers As an early pioneer in using technology to create a new business model and new efficiencies Uber is considered one of the most important case studies in the sharing economy However little in depth information exists on this innovative company This book traces Uber's origin and evolution in the face of competitive pressures discusses the company leadership and corporate culture addresses such controversies as rider and driver safety and sexual harassment of female employees and explores how the company is addressing these challenges Students of business entrepreneurs and anyone interested in the development and exponential growth of the sharing economy will benefit from reading this book **Wow! I'm 80!** Samuel Solomon, 2019-05-23 When I reached my 80th birthday I was reminded of my thinking when I was in my late 30s and my father was 72 He proudly stated he was a member of SCORE Service Corps of Retired Executives and was helping local businesses I had difficulty believing he was capable of helping others based on his advanced age In retrospect I now realize he was almost 10 years younger than I am so I am documenting to share with others what someone in his 80s can do Typography Essentials Revised and Updated Ina Saltz, 2019-01-08 Typography Essentials 100 Design Principles for Working with Type is a practical hands on resource that distills and organizes the many complex issues surrounding the effective use of typography An essential reference for designers since 2009 Typography Essentials is now completely refreshed with updated text new graphics and photos and a whole new look Divided into four sections The Letter The Word The Paragraph and The Page the text is concise compact and easy to reference Each of the 100 principles which cover all practical aspects of designing with type has an explanation and inspiring visual examples drawn from international books magazines posters and more Typography Essentials is for designers of every medium in which type plays a major role and is organized and designed to make the process enjoyable and entertaining as well as instructional *Integrated Energy Policy Report ...
