The Publishers Weekly, 1997 Children's Books In Print 1998 Bowker Editorial Staff, R R Bowker Publishing, Bowker, 1998 **School Library Journal**, 1998 **Toxic Beauty** Samuel S. Epstein, 2009-04-01 Splashy ads and commercials for personal care products are everywhere we turn promising to keep our appearances fresh and our partners satisfied. But do consumers really know what they're applying to their faces and bodies in their quests for youth and beauty? Do they know the health risks they're taking by simply applying lipstick, face moisturizer or deodorant? Toxic cosmetics and personal care products clutter the shelves at retail stores everywhere and consumers don't know the avoidable risks they're taking by following a simple beauty regimen. Written by Dr. Samuel S. Epstein, a founder and chairperson of the Cancer Prevention Coalition, *Toxic Beauty* gives the lowdown on salon safety, health risks hiding in everyday products, how we put our children in danger and more. *Toxic Beauty* will also educate you and your family on easily implemented solutions through the use of a variety of positive alternatives. Through the help of Dr. Epstein and *Toxic Beauty*, you can protect yourself from the possible long term effects of a simple beauty product. *Instagram Moms are Full of Sh*t* Lesley Prosko, 2024-06-06 Are you done with reels that show moms who make it look so easy when some mornings you don't even manage to get your hair brushed before taking your kids to school? Have you ever been mom shamed for something you've done or haven't done for your children? Or have you even unintentionally mom shamed someone else? Are you tired of the unrealistic expectations of motherhood that is portrayed all over social media? The truth is, momming isn't about having it all figured out. No mom has it all figured out. *Instagram Moms are Full of Sh*t: To Hell With Mom Shaming* shows the honest, often chaotic realities of being a mom and knowing that in all the wonderful craziness they are doing a great job. Writing from personal experience and input from other moms, Lesley Prosko, mother of two little ones, takes an in-depth look at some of the most common mom shaming themes, considering cultural, generational, historical and parenting style differences, including birth plans, breastfeeding vs. formula vaccinations, child sleep habits, working mom vs. stay at home mom, exercising while pregnant, navigating screen time and more. Told with insight, humour and sporadic sarcasm, this practical resource is designed to help real moms stop comparing themselves to other moms who want the world to think that every day is a great one because those moms are full of sh*t. *Mother Jones Magazine*, 1998-03 Mother Jones is an award-winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues. **Healthy Beauty** Samuel S. Epstein, Randall Fitzgerald, 2011-01-04 Anti-aging products are the fastest growing sector of the cosmetics industry as women and men are becoming rapidly more obsessed with looking and feeling young. Splashy ads and commercials are everywhere we turn, promising to keep our appearances fresh and our partners satisfied. But do consumers really know what they're applying to their faces and bodies in their quests for youth and beauty? Do they know the health risks they're taking by simply applying lipstick, face moisturizer or deodorant? Toxic beauty products clutter the shelves at retail stores everywhere.

How we put our children in danger and more. Healthy Beauty will also educate you and your family on easily implemented solutions through the use of a variety of positive alternatives. In Healthy Beauty, you will learn how beauty products can affect your children before they're born. The brutal carelessness producers use when creating products for women and children. The risks taken when you step into a salon. Toxins in men's products such as deodorant, cologne, and aftershave. How to protect yourself and your family by reading labels and identifying potentially hazardous ingredients. Through the help of Dr. Epstein and Healthy Beauty, you can protect yourself from the possible long-term effects of a simple beauty product.

, 1990 **Mother Nurture** Stephanie Hirsch, 2025-03-11 Where did Beyoncé get her groove? Where did Lance Armstrong get his drive? Where did Steven Spielberg get his creative vision? Every success story begins with Mom. When Stephanie Hirsch gave birth to her son, she began to think about the kind of person she'd like him to be: generous, family-oriented, loving, courageous, and professionally accomplished. Maybe he'd turn out like Steven Spielberg. But what she wondered: had Spielberg's mother done so well? What started out as one conversation with Steven Spielberg's mom became a quest to interview the mothers of some of the most talented artists, brilliant journalists, and dedicated athletes of our time. Mother Nurture is an inspiring collection of fifty-two stories filled with commonsense advice and memorable personal tales from caring mothers whose children have reached the apex of their fields: from sports, politics, and music to literature, entertainment, and business. If you're expecting or a parent, or you just want to thank the woman who raised you, Mother Nurture is both the perfect antidote to piles of contradictory parenting advice and a celebration of the gift of motherhood.

Human Flourishing Greg Forster, Anthony R. Cross, 2020-08-28 Beyond an internal transformation or mere moment of salvation, how does Christian faith envision the good life? This question demands not only a Christian view of how individuals should live but of how social institutions are best arranged for human flourishing. In the advanced modern world, our common public life is mainly lived out in the domains of work and commerce, so a Christian view of economic life is essential to a modern Christian view of human flourishing. In this volume, established evangelical scholars in theology, biblical studies, and history explore their disciplines in connection with economic wisdom to yield insights about what it means to live wholly fruitfully and well. Faithful and provocative, these essays uncover fresh ground on topics ranging from poverty to work ethic to capitalism, socialism to slavery to non-profit entities to the medieval indulgence industry.
