Changing World Kristen Welch,2018-05-01 Almost any parent you asked would tell you that they want their children to be happy successful adults But many of us forget or never knew to begin with that lasting personal joy is not necessarily found the way the world says it is through reaching a certain socioeconomic status having a certain job buying a certain house or having a certain amount in one s bank account In fact says Kristen Welch popular blogger and author of Raising Grateful Kids in an Entitled World personal satisfaction comes not from grabbing onto things but from holding them with an open hand and very often giving them away In this inspiring book Welch shows parents how to discover for themselves and instill in their kids the profound joy that comes from sharing what we have been given our time our talents and even what s in our wallets with those who have less Through powerful personal stories as well as stories from Scripture Welch offers a tantalizing alternative to status quo parenting that has the power to impact not only our own families but the entire world At the end of each chapter one of the author s kids offers their perspective on what it s like to be raised as a world changer

The Children We Forgot to Hear Jaydip Phukan,2025-10-25 The Children We Forgot to Hear Hope Silence and the Struggle to Bring Them Home by Jaydip Phukan Have you ever wondered about the children whose stories don t make the headlines The ones whose voices get lost in the noise hidden away in forgotten villages and tea gardens This book is for them and for you The Children We Forgot to Hear is a collection of stories that will stay with you long after you finish reading It s

about children trapped in silence and struggle but also about hope courage and the tireless fight to bring them back home both literally and figuratively Through powerful chapters like A Desperate Escape A Girl's Fight for Justice in the Tea Gardens and Breaking the Silence you'll meet brave kids and the people who refuse to give up on them You'll witness moments of pain moments of light and everything in between the quiet power of kindness in tough places the invisible battles fought every day and the small wins that mean the world I've written these stories not just to share what's happening but to remind us all why it matters so much behind every child in trouble is a life full of dreams waiting to be heard This is my way of speaking up for those voices because they deserve to be listened to and more importantly it's a call for all of us to listen better If you care about justice compassion and the power of hope this book will move you and maybe even inspire you to act Because change starts when we finally hear the children we forgot **Planting Seeds of Hope** ,1993 **Try This**
