No Truck With The Chilean Junta Trade Union Internationalism Australia And Britain 1973198:

No Truck with the Chilean Junta! Ann Jones, 2014-08-01 When lorry drivers in Northampton slapped stickers on their cabs declaring No truck with the Chilean Junta they were doing more than threatening to boycott They were asserting their own identity as proud unionists and proud internationalists But what did trade unionists really know of what was happening in Chile And how could someone else's oppression become a means to solidify your own identity The labour movements of Britain and Australia used Chile as an impetus for action and to give meaning to their own political expression though it was not all smooth sailing Throughout the 1970s social movements and unions alternately clashed and melded and those involved with Chile were also caught within the unhappy marriage of the cross cultural left This book draws together the events and stories of these complex times *No Truck with the Chilean Junta!* Ann Jones, 2014 When lorry drivers in Northampton slapped stickers on their cabs declaring No truck with the Chilean Junta they were doing more than threatening to boycott They were asserting their own identity as proud unionists and proud internationalists But what did trade unionists really know of what was happening in Chile And how could someone else's oppression become a means to solidify your own identity The labour movements of Britain and Australia used Chile as an impetus for action and to give meaning to their own political expression though it was not all smooth sailing Throughout the 1970s social movements and unions alternately clashed and melded and those involved with Chile were also caught within the unhappy marriage of the cross cultural left This book draws together the events and stories of these complex times **No Truck with the Chilean Junta!** Ann Jones, 2009 When lorry drivers in Northampton slapped the stickers on their cabs declaring No truck with the Chilean Junta they were participating in more than an isolated threat to boycott They were expressing their identity as internationalists upholding union traditions of internationalism and showing support for union policy Still there was more they were taking part in a symbiotic relationship with a social movement Union action on extra industrial campaigns is both a longstanding ideological imperative and a practice that predates the resurgence of social movements in the 1960s Yet since its inception the Chile solidarity movement had encouraged planned for enabled and used trade unions This thesis compares two such movements in Australia and Britain from 1973 1980 Drawing upon a wide array of archival material and other sources in conjunction with extensive interviewing this thesis places trade unions at the centre of the solidarity story It records the actions that unions took for political gain external to their organisation and nation Social movements in this case Chile Solidarity Campaigns were connected to unions by a range of social and institutional ties and organised their activities in an attempt to harness and maximise union support and power
