Handbook on New Paradigms in Smart Charging for E-Mobility Abhishek Kumar, Ramesh C. Bansal, Praveen Kumar, Xiangning He, 2025-03-21 Handbook on New Paradigms in Smart Charging for E Mobility Global Trends Policies and Practices provides a complete package for understanding and developing smart chargers for e mobility applications It discusses various concepts required for developing charging infrastructure and usage of different kinds of storage technologies power electronics converters controllers communication requirements grid infrastructure sustainable technologies policy frameworks and all other related crucial aspects of E mobility Each part of the book covers a subdomain of e mobility beginning with an introductory chapter reviewing existing literature the subsequent chapters are arranged to each follow the previous one Other available books focus on specific technical subdomains of e mobility but none provides the wider outlook to meet the requirements of all audiences This book uniquely brings together topics that are not otherwise easily accessible or available to these audiences This book will be beneficial for engineers scientists and researchers providing them with a comprehensive standard benchmark work to explore the evolving aspects of charging infrastructure for e mobility Further it will also help policymakers practitioners and government entities formulate policies for successful implementations of e motility for their masses The techno socio economic focus will serve as standard literature for all Takes a modular approach with each module catering to a different sub domain of e mobility Includes standalone chapters that cover out of the box work related to e mobility Presents the latest advances and detailed technical descriptions of smart charging infrastructures
