**"A New Kind of War"** Howard Jones, 1997-05-15 America's experience in Greece has often been cited as a model by those later policymakers in Washington who regard the involvement as a victory for American foreign policy. Indeed President Johnson and others referred to Greece as the model for America's deepening involvement in Vietnam during the mid 1960s. Greece became the battlefield for a new kind of war one that included the use of guerrilla warfare, propaganda war in the shadows, terror tactics and victory based on outlasting the enemy. It was also a test before the world of America's resolve to protect the principle of self-determination. Jones argues that American policy towards Greece was the focal point in the development of a global strategy designed to combat totalitarianism. He also argues that had the White House and others drawn the real lessons from the intervention in Greece the decisions regarding Vietnam might have been more carefully thought out.

**The Most Unsordid Act** Warren F. Kimball, 2019-12-01 Originally published in 1969 In The Most Unsordid Act Warren Kimball provides a history of the Lend Lease idea. The genesis and development of the Lend Lease idea although spanning less than two years offers a subject of the broadest significance for major questions of democratic government and society. The story begins with the United States growing recognition of the British monetary and gold shortage and ends with the passage of the Lend Lease Act and the American commitment that it involved. Dr Kimball's narrative is chronological, detailed and dramatic. It includes analyses of the domestic and international concerns on both sides of the Atlantic and of the roles of the leading protagonists President F D Roosevelt and Treasury Secretary Morgenthau as well as Stimson, Hull, Churchill and key British representatives. He also examines the possibility that Lend Lease was designed to benefit the American economy at Britain's expense. A central question animates Kimball's account: How could a president who recognized the ultimate threat of Nazi Germany but shared his nation's desire to avoid war find a way to help an ally? The portrait of Roosevelt that emerges is instructive in view of revisionist histories that present him as a Machiavellian figure disingenuously leading his country to war. Kimball sees him rather as an essentially domestic president whose experiences and interests evolved from national concerns as a man unschooled in international affairs eager to avoid confrontation with his congressional opposition wary of

the British penchant for power politics given to procrastination when faced with difficult problems and anxious to avoid full scale war Yet the administration's legislative strategy and the debate over the Lend Lease Act clearly demonstrated that the president his closest advisers and the Congress were aware that the legislation would inevitably mean war with Germany Based on such sources as the diaries of Morgenthau the State Department Archives Foreign Economic Administration records the Stimson papers and interviews with participants this study provides insights that raise central questions about the functioning of the American system of government *Chronicle of the Horse* ,1981-04 Cards and Party Tips for Dummies-custom Wiley,2004-02 **Forbes** ,1990 **Pen, Pulpit and Platform** Thomas De Witt Talmage,1886 **Coal and Coal Trade Journal** ,1907 **Fund Your Future** ,2003 Musician, Player and Listener ,1982 Popular science ,1987 **The Foundry Trade Journal** ,1929 **Railroad Telegrapher** ,1908 Collier's ,1921 **Congressional Record** United States.
