Staurowsky, Richard T. Karcher, Joel G. Maxcy, 2023-05-04 A well constructed and reasoned debunking of the mythology of amateurism in for profit NCAA athletics For the last 60 plus years as the revenue generating capacity of Power Five football and men s basketball has dramatically increased NCAA Division I Power Five football and men s basketball players college profit athletes have been economically exploited their labor has been severely restricted To mask this inequity the NCAA and its members created disseminated and embedded a fictitious collegiate model of athletics established and repeatedly modified for the benefit of member schools designed to ensure profit athletes were denied employment status and just compensation for their athletic labor The NCAA and the Exploitation of College Profit Athletes An Amateurism That Never Was provides a comprehensive historical sociological legal financial and managerial argument for the reclassification of profit athletes as employees Such a reclassification would permit profit athletes to gain not only fair financial compensation but also equal access to educational benefits that have been promised but systematically denied The authors trace how Power Five college sports have morphed into a hyper professionalized and commercialized sport business enterprise They provide evidence that at least since 1956 the NCAA s amateurism has been a collusive exploitative and racialized pay for play scheme that disproportionately affects Black profit athletes The authors cut through the institutional doublespeak of approved benefits cost of attendance stipends or name image likeness NIL collectives to lay bare the immorality of Power Five college sports The NCAA and the Exploitation of College Profit Athletes makes the case that profit athletes and their representatives must have the right to unionize and freely negotiate a collective bargaining agreement with management e g NCAA Power Five conferences and athletic departments In addition this book offers a forward thinking structure in which individual labor contracts or a potential collective bargaining agreement address profit athlete compensation and working conditions
