Philippe Jougoux,2022-07-14 The past two decades have seen a radical change in the online landscape with the emergence of GAFAM Google Amazon Facebook Apple and Microsoft Facebook specifically has acquired a unique monopoly position among social media and is part of the digital lives of billions of users A mutual influence between Facebook and the legal framework has gradually emerged as EU legislators and judges are on the one hand forced to accept the reality of new widespread behaviors and practices and on the other have constructed a legal framework that imposes limits and rules on the use of the social network This book offers a unique perspective on this relationship exploring the various activities and services proposed by Facebook and discussing the attendant legal issues Accordingly questions concerning the GDPR its principles rights and obligations are in the center of the discussions However the book does not limit its scope to data protection Facebook has also greatly contributed to a liberalization and democratization of speech In accordance the classic principles of media law must be revisited adapted or suitably enforced on the platform Intellectual property law governs what is owned and by whom no matter whether raw data or informational goods are concerned Frameworks on hate speech and fake news are the result of coregulation principles of governance whereas defamation jurisprudence continues to evolve considering the consequences of merely liking certain content The economic model of advertising is also governed by strict rules Above all Facebook is currently caught in a dilemma of substantial interest for society as a whole is it a neutral online intermediary i e merely a passive player on the Internet or is it transforming against its will into an editorial service In conclusion the book has a dual purpose First it proposes a global and practical approach to the EU legal framework on Facebook Second it explores the current limits and the ongoing transformation of EU Internet law as it steadily adapts to life in the new digital world **iPhone 17 Pro for Seniors Made Easy 2025-2026**
