**Arts Management** Carla Walter, 2015-05-22 Arts Management is designed as an upper division undergraduate and graduate level text that covers the principles of arts management. It is the most comprehensive up to date and technologically advanced textbook on arts management on the market. While the book does include the background necessary for understanding the global arts marketplace, it assumes that cultural fine arts come to fruition through entrepreneurial processes and that cultural fine arts organizations have to be entrepreneurial to thrive. Many cases and examples of successful arts organizations from the United States and abroad appear in every chapter. A singular strength of Arts Management is the author's skilful use of in-text tools to facilitate reader interest and engagement. These include learning objectives, chapter summaries, discussion questions and exercises, case studies and numerous examples and cultural spotlights. Online instructor's materials with PowerPoints are available to adopters. Arts Management Carla Stalling Walter, 2025-12-31 Providing a comprehensive introduction to arts and cultural management, this textbook incorporates new insights from technological innovations such as artificial intelligence AI to its popular practical approach to helping learners understand how to build and grow an arts organization. With practical case studies throughout, this book also includes coverage of key contemporary topics such as diversity, equity, sustainability, inclusion and access to the arts. This new edition retains the valuable array of interdisciplinary insights while enhancing the focus on culturepreneurs in the age of AI. The result is a book which will be core reading for many learners of arts and cultural management around the world.
