

Access to all your text files without installing a full word processor using Microsoft Office Word Viewer

Microsoft Office Word Viewer is an office suite which allows the user to view or print documents without having the full version of the above mentioned program.

This program is very useful, practical and easy to use. However, bear in mind that Word Viewer won't let you to create, modify, export or save any document.

On the other hand, Microsoft Office Word Viewer can print, copy and paste any text file. If you've used the original Word before, you'll see that these functions work in the same way. Microsoft Office Word Viewer vs Original Word

Downloading this program is very easy as you just have to follow the simple steps from the dialog window. Once you've opened Microsoft Office Word Viewer, you'll see that both interfaces are really similar. However, the user can't access to the editing tools.

Microsoft Office Word Viewer enables the user to visualize text files from any Word
