

# Expository Writing

Expository writing is informational writing. It often times explains how or tells why about a topic.

## Characteristics of Expository Writing

<b>Introduction</b>	Expository writing needs an introduction. The introduction introduces the reader to the topic and states the main idea, thesis statement, or topic sentence.
<b>Facts and Details</b>	The body of expository writing includes facts and details. Each paragraph should have a topic sentence or main idea and then 3-4 supporting sentences that give details and examples about the main idea.
<b>Conclusion</b>	Expository writing needs a conclusion. This is the final paragraph and it gives the author one more opportunity to state the main idea.
<b>Organization</b>	Strong authors will use one of the non-fiction text structures to help organize their writing (problem and solution, compare and contrast, description, sequence, cause and effect).

The author's purpose of expository writing is to inform.

# Middle School Expository Text

## **Middle School Expository Text:**

Comprehension Instruction, Second Edition Cathy Collins Block, Sheri R. Parris, 2008-04-22 This comprehensive professional resource and text is based on cutting edge research In each chapter leading scholars provide an overview of a particular aspect of comprehension offer best practice instructional guidelines and policy recommendations present key research questions still to be answered and conclude with stimulating questions for individual study or discussion Coverage includes such timely topics as differentiated instruction technology and reading comprehension teaching English language learners and the implications of current neuroscientific findings

**Effective School Interventions, Second Edition** Natalie Rathvon, 2008-08-14 This highly practical resource and text presents 70 interventions that have been demonstrated to improve the classroom learning environment academic achievement and student behavior and social competence Each intervention is presented in a brief standardized format with step by step procedures that can easily be implemented by Pre K 12 teachers and other school based professionals The volume includes best practice guidelines for designing implementing and evaluating evidence based school interventions as well as strategies for combining multiple interventions to create a comprehensive program at the individual class or schoolwide level

**Learning From Text Across Conceptual Domains** Cynthia R. Hynd, 2013-12-16 This volume is an attempt to synthesize the understandings we have about reading to learn Although learning at all ages is discussed in this volume the main focus is on middle and high school classrooms critical spaces of learning and thinking The amount of knowledge presented in written form is increasing and the information we get from texts is often conflicting We are in a knowledge explosion that leaves us reeling and may effectively disenfranchise those who are not keeping up There has never been a more crucial time for students to understand learn from and think critically about the information in various forms of text Thus understanding what it means to learn is vital for all educators Learning from text is a complex matter that includes student factors social ethnic and cultural differences as well as varying motivations self perceptions goals and needs instructional and teacher factors and disciplinary and social factors One important goal of the book is to encourage practicing teachers to learn to consider their students in new ways to see them as being influenced by and as influencing not just the classroom but the total fabric of the disciplines they are learning Equally important it is intended to foster further research efforts from local studies of classrooms by teachers to large scale studies that produce generalizable understandings about learning from text This volume a result of the editor s and contributors work with the National Reading Research Center will be of interest to all researchers graduate students practicing teachers and teachers in training who are interested in understanding the issues that are central to improving students learning from text
