**Always an Athlete** Jenne Blackburn,2023-11-17 Always an Athlete is a comprehensive study of the ways in which athletes climb what author Jenn Blackburn terms The Mountain the journey from youth sports through high school and college sports to finally professional and Olympic sports. This steady climb and success over a long period of time however sets up athletes for an inevitable fall off The Cliff upon their retirement from competition. To help athletes in transition Blackburn identifies Three Pillars of the Cliff Mental Health Physical Health and Athlete Identity and describes the issues that athletes have in each of these areas after they retire. After training sacrificing and devoting years even decades to a sport athletes at every level will struggle within these three pillars. Blackburn believes that athletes must evolve from a competition mindset to a wellness mindset and match their new lifestyles in order to soften this transition into the real world. Fortunately the Inner Athlete honed over many years of training and competition can show up as a Parachute as athletics recede and other priorities rise to the forefront of their new life. Ultimately Blackburn proposes cycling as a foundation and universal tool to help retired athletes resolve a lingering loss of identity mental health issues such as anxiety and depression and complications due to unchanged diet and exercise habits when they transition out of a performance purposed existence. She advocates for fun community bike rides adjacent to sporting events and franchises to bring sports communities together around this critical yet overlooked topic for all athletes life after competitive sports.

The authors address these questions from their individual perspectives and experiences often revealing their personal struggles and their ongoing attempts to resolve them.
