*Digital Metrics Playbook* Enrique Quevedo, Daniel Besquin, Michelle Read, 2015-02-19 Brand marketers are still taking their first steps into the digital world by migrating their traditional mindset into the new communication channels they have at hand Traditional branding being strongly based on reach frequency is being copied to digital branding initiatives thus ignoring the great opportunity digital media provides as a two way communication channel to further engage with their audiences The book proposes a comprehensive measurement framework to help shape the mindset of the next generation of digital brand marketers and enable them to focus not only on brand exposure and its impact on sales but also on the brand experience they can now create using digital media and its impact on long term profitability It guides you on a step by step through the five stages of the framework 1 Expose your brand 2 Attract people to your brand territory 3 Engage providing valuable experiences 4 Retain attention over the long term 5 Influence perception intent or behavior We also provide the set of KPIs that need to be measured at each of the stages KPIs are designed to fulfill two different needs the need to optimize efforts on a day by day basis and the need to assess high level success at each of the stages of the framework Finally we ll help you bring accountability by surfacing the link between your online branding efforts and the most important outcomes expected from any branding campaign to drive sales and to grow loyalty

### **Discourses of Authenticity on YouTube**

Giorgia Riboni, 2020-08-25 T00:00:00+02:00 This book explores the discourse of authenticity on the popular social media platform YouTube It investigates how popular users negotiate their identity and discursively portray themselves as authentic in their videos In so doing it adds to the development of new perspectives on social media communication and offers an outlook on issues concerning the complexities of contemporary identity practices Starting from the premise that authenticity is a discursive construction the study adopts a linguistics based approach and relies on a hybrid methodological toolkit that draws on the analytical tools provided by Social Media Critical Discourse Studies SM CDS a newly introduced framework comprised of different but interconnected levels of description The volume presents three case studies which investigate the discursive and rhetorical strategies used by well known users in order to come across as authentic Videos produced by popular content creators belonging to different communities of practice scientists stay at home mothers and makeup artists are explored The analysis reveals that they share a common set of identity characteristics a common core of authentic traits famous YouTubers conventionally display to discursively depict themselves as genuine and credible
