Microsoft Project 2010 Tutorial Uk:

Planning and Control Using Microsoft® Office Project 2010 and PMBOK® Guide Paul Harris, 2010 This book is principally a Microsoft Project book aimed at Project Management Professionals who understand the PMBOK Guide Fourth Edition processes and wish to learn how to use Microsoft Project 2010 to plan and control their projects in a PMBOK Guide environment and discover how to gain the most from the software. The book is designed for users of earlier versions to upgrade their skills and for new planners to learn the software. It starts with the basics required to create a schedule through resource planning and on to the more advanced features. A chapter is dedicated to the new functions and it outlines the differences from the earlier versions throughout the book.

Microsoft Project 2010 Guy Vaccaro, 2010 This Microsoft Project 2010 Tutorial Video will teach you the intricacies of using this software. Master instructor Guy Vaccaro walks you through using MS Project 2010 starting with the basics. You watch the video capture of his actual desktop as he verbally explains exactly step by step what he is doing. Learning even the most complex areas of Project is reduced to a series of easy to follow instructions. Beginning with a tour of the brand new interface to Microsoft Project 2010, Guy shows you how to create a new project, add tasks, add resources and deal with any problems that may crop up along the way. You will learn to read Gantt charts and control how they look and behave specific to your own personal needs. You will learn how to use Master Projects, the new Timeline, even creating and saving Macros within MS Project to make repetitive tasks easy to manage. This tutorial video comes complete with working files to allow you to work alongside the author as you progress through your training. By the completion of this video based training title, you will be fully capable of creating and managing your own project, no matter what the size or complexity in Microsoft Project 2010. Making Effective Business Decisions Using Microsoft Project Advisicon, Tim Runcie, Doc Dochtermann, 2012-12-28 A guide to Microsoft Project that focuses on developing a successful project management strategy across the organization to drive better decisions. Making Effective Business Decisions Using Microsoft Project goes far beyond the basics of managing projects with Microsoft Project and how to set up and use the software. This unique guide is an indispensable resource for anyone who operates within a Project Management Operation (PMO) or is affected by the adoption of project management within an organization. Its focus is to provide practical and transitional information for those who are charged with making decisions and supporting corporate and strategic objectives and who face cost and resource constraints. Because more and more companies are aligning project management with their business strategies, the book not only provides guidance on using Microsoft Project and teaching project management skills but also includes important information on measuring results and communicating with the executive branch. It also provides valuable guidance in using SharePoint Server for social networking and working within a team. Clearly written and presented, the book covers work management using Microsoft Project at multiple levels within an organization. Focuses on using Microsoft Project 2010 to integrate and support overall

organizational strategies Includes hundreds of graphics screen shots and annotations that make it the most accessible and usable guide available on the subject Making Effective Business Decisions Using Microsoft Project is a valuable reference for project managers at all levels and it sets a new standard for training manuals used by businesses that teach courses on project management using Microsoft Project **Daily Graphic** Ransford Tetteh,2011-02-15 **Microsoft Project 2010 Essential Training** ,2015 Learn Microsoft Project 2010 and efficiently manage your project tasks resources and schedule more successfully with these Project tutorials *Planning and Scheduling Using Microsoft Project 2010* Paul Harris,2010 The book is designed for users of earlier versions to upgrade their skills and for new planners to learn the software **The Handbook of Medicinal Chemistry** Andrew Davis,Simon.
